ROEDING’S TRUE TREES
FOR SEASON 1915-1916

Are described, illustrated and quoted in this new Catalog. We list only such varieties as have been tested and found worthy of planting.
To those who have never dealt with us, we will be glad to demonstrate the high quality of our stock. The yearly growth of our business has required scientific method of growing and the prompt handling of our large output of trees and plants.
At our office and sales yard, No. 1603 East Washington Street, Los Angeles, we carry a full and complete line of citrus and deciduous fruit trees, ornamental trees, shrubs, palms and roses, to meet the demands of customers. We shall be pleased to have all those contemplating the planting of trees call and inspect our stock before purchasing elsewhere. Whether large or small, your order is always appreciated.
We invite your correspondence on any subject pertaining to our business, especially for information concerning the best varieties of trees and plants for your locality. In addition to this, we have a “Landscape Service” Department at your disposal. We want to assist you in planting the planning of your grounds, orchards or vineyards, and further to supply you with “ROEDING’S TRUE TREES,” which are not excelled by any other nursery concern on the Coast.

GUARANTEE OF GENUINENESS

In growing and furnishing all nursery stock, every care and precaution is exercised to have it true to name; still with all our care, mistakes are liable to be made, but we hold ourselves in readiness, on proper proof, to replace all stock that may be untrue to name, free of charge, or to refund the amount paid. This statement is due notice to purchasers of nursery stock of the extent of our liability after the same has been accepted by the buyer.

ADVICE TO CORRESPONDENTS

ORDERS
All orders should be legibly written on the enclosed order blank or a separate sheet of paper, and not mixed up with the body of the letter.
Write your name, postoffice, county and State; also give your nearest express office and railway station, or stage route, giving us the name of the transportation company.
Orders for export to Old Mexico, to the Hawaiian Islands, Cuba and South American points should be sent, in addition to the above, the steamship routes by which their orders are to be shipped.
Please state whether substitution will be permitted, as we feel at liberty when no instructions accompany the order to use other varieties as nearly similar as possible.
It very often happens on orders of small assorted varieties, for a home orchard, that it is necessary to make substitutions. On orders for commercial planting, substitutions are never made without first corresponding with the customer and making our recommendations before any alterations are made in the order.
Orders from unknown correspondents must be accompanied by a remittance or satisfactory reference.
Orders to be sent by express, C. O. D., will be filled, provided one-half of the amount is sent with the order.
All remittances should be by postoffice money order, registered letter, express order, bank draft, or check. All orders from foreign countries to be accompanied by draft or international money order.

PACKING
Our packing is as perfect as possible, and we charge for the same only to cover the cost of material. Cartage to the railway or express office free of charge.

We tie our trees in bunches of 10, and grape-vines in bundles of 50; and we suggest to our patrons to make their orders for assortments as far as possible in multiples of these numbers.
Articles mentioned in this Catalog will be furnished at prices named as follows: Five at the 10 rate; 50 at the 100 rate; 500 or more at the 1,000 rate. Less than five of a variety at the single rate. This does not mean, as an illustration, that 10 pears, 10 apples, 10 plums, 10 nootkaes, 10 peaches would be charged at the 100 rate. To secure this rate it will be necessary to order 50 trees of one sort.
If any mistakes are made in filling orders, we will cheerfully rectify the same, but must respectfully request our customers to notify us at once, or, at the most, within ten days after receipt of the goods.
It is difficult to give the actual cost of packing charges accurately, as they will vary according to the size of the trees; however, the figures given are taken from our records of charges for the run of shipments for sizes specified: 6 to 8 ft. trees in bales, $3.00 per 1,000; 4 to 5 ft. trees, $2.50 per 1,000; 3 to 4 ft. trees, $2.25 per 1,000; 6 to 8 ft. trees completely boxed, $6.00 per 1,000; 4 to 6 ft. trees, $4.00 per 1,000; 3 to 4 ft. trees, $3.50 per 1,000.
Grape-vines, in bales, 75c per 1,000 vines; in cases completely boxed, $3.00 per 1,000 vines.
Deciduous ornamental trees, 6 to 8 ft. and up to 12 to 15 ft., in bales, from 50c to $1.00 per 100, and completely boxed, $1.40 to $2.00 per 100.
Potted plants in from 3 to 6 inch pots, from 5c to 10c each.
Citrus trees, baled, packed in boxes, tops protected with burlap, 10c per tree (boxes hold from 10 to 12 trees); in cases, completely boxed, 20c per tree; naked roots, packed in moss in boxes, tops burlaped, 2c per tree; completely boxed, 3c per tree.
Olive trees, packed in crates, tops protected, ¾ to ¾ caliper, 85c per 100; ¾ to %, 55c per 100; % to ¾, 75c per 100; to 1 inch, $1.00 per 100.

Palms, balled, in boxes, tops burlap-ed, from 10c to 50c per plant, according to size.

Grape cuttings packed in bales, 50c per 1,000 cuttings, and in cases, completely boxed, 75c per 1,000.

Eucalyptus, Cypress and hedges, tops covered with burlap, in flats, 15c per flat.

This supply is designed for the purpose of placing our customers in position to figure out what their stock will cost them delivered at destination.

WEIGHTS

The general run of deciduous fruit trees, either in bales or cases, averages about as follows: 6 to 8 ft., 2 pounds each; 4 to 6 ft., 1¼ pounds each; 3 to 4 ft., 1 pound each; 2 to 3 ft., one-half of a pound each. Grape-vines, one-third of a pound each.

Deciduous ornamental trees from 6 to 8 ft. and up to 10 to 15 ft., 3 to 6 pounds each.

Potted plants in 3 to 6 inch pots, packed in boxes, weigh from 4 to 12 pounds each.

Citrus trees, balled, packed in boxes, 40 pounds each, and with naked roots, 3 pounds each.

Palms, packed in boxes, with ball of earth, 2 to 3 ft. plants, 40 pounds, and gradually increasing to 110 pounds each on 5 to 6 ft. plants.

Grape cuttings 14 to 16 inches long, 30 pounds to the thousand cuttings, in either bales or boxes.

Eucalyptus, Cypress, about 100 to the flat, 50 pounds per flat; hedge plants from 50 to 100 to the box, according to size, 50 pounds per flat.

SHIPPING

State distinctly how you wish us to ship—by freight or express; also designate the route, otherwise we use our own discretion in forwarding.

The method of packing a shipment of trees or plants is the basis on which freight charges are made. Nursery stock in bales or boxes completely covered with tule or burlap takes a first-class rate, while in cases completely boxed the third-class rate applies. When trees are shipped without packing, the double first-class rate applies.

In carload lots with a minimum of ten tons, class C applies, and this is as a rule from 50 to 75 per cent less than the first-class rate.

For shipments in California, trees are either packed in bales, wrapped with tule, or in boxes, tops protected with burlap; for the difference between the first and third-class rates is so slight that nothing would be gained by boxing, as the increased cost would more than offset the saving in freight charges.

To distant points in Texas, Mexico, Colorado, and to other States and countries outside of California, when stock is to be a long time in transit, it is packed in paper-lined cases, not only with a view of having the trees carry better, but also because of the saving in freight charges, the difference in classification being in many cases $1.00 per 100 pounds.

We have made a very close study of traffic conditions, and our knowledge is used to secure in all cases the very lowest freight rates for the benefit of our customers.

No accurate data can be given as to freight charges on orders for export, except that in a general way a shipment by water to Australia or Japan from San Francisco will cost about one-half over what it does from Fresno to San Francisco, a distance of 206 miles.

Parcel Post: Within a radius of 150 miles of Fresno, orders not exceeding 50 pounds in weight, and outside this zone in the United States or any of its possessions, not exceeding 20 pounds, may be forwarded by parcel post. In ordering by parcel post, remittances must be charged at single rate and postage extra. Refer to table on this page for approximate weights. Parcel postage rates on different weights may be obtained from your postmaster.

After delivering to the carriers we cannot hold ourselves responsible for any loss or injury to trees or plants after they have been carefully packed and shipped, but we will do everything in our power, if any loss should occur, for the protection and recovery of our customers' property.

Square Method—Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill; which, divided into the number of feet in an acre (43,560), will give the number of plants or trees on an acre.

Equilateral Triangle Method—Divide the number required to the acre "square method" by the decimial .866. The result will be the number of plants required to the acre by this method.

FRUIT DEPARTMENT

Certain varieties of trees grow stocky, making it impossible to grade them on a basis of their height. We reserve the right on such trees to grade them on a diameter or caliper basis, as follows: The measurements are made one inch above the intersection of the bud with the stock.

1 to 2-inch caliper........... 8 to 10-foot trees
3/4 to 1-inch caliper........ 6 to 8-foot trees
1/2 to 3/4-inch caliper....... 4 to 6-foot trees

The difficulty of selecting varieties is a problem which no doubt confronts many of our customers, and in order to assist them in this we have placed an asterisk (*) opposite the names of such sorts which rank high in the planting of commercial orchards.

McIntosh. Very attractive; good size; bright deep red; flesh snow-white, tender. Valuable fall apple.
Mammoth Black Twig. (Paragon.) Large; dark red; good keeper. Nov. to Jan.
Northern Spy. Greenish yellow striped purplish red; productive; late keeper. Nov. to April.
Red Bellingham. Large; cream-colored, flushed with light and dark red. Sept.
*Rome Beauty. Large; exceptionally beautiful; yellow, shaded and striped with red. One of the most popular varieties. Nov. to Feb.
Smith's Cider. Large and handsome; yellow, shaded red. Nov. to Feb.
*White Astrachan. Greenish white; very showy; increasing in popularity. July.
Winter Banana. Fancy market fruit; large; pale yellow; pink blush. Nov.
APPLES—Continued

*Yellow Bellflower. Large, oblong; yellow; a standard in California. Oct. to Jan.

NEW APPLE, "THE GOLDRIDGE"

Each 10 100
Prices ....................................... $0.75 $6.00 $50.00

Fruit large, smooth, pale yellow with a crimson blush on sunny side; quality equal to Yellow Newtown Pippin, with an added aromatic fragrance; unusually handsome fruit. Nov. to Feb.

CRAB APPLES

Prices— Each 10 100
1 year, 4 to 6 feet. ......$0.25 $2.00 $15.00
1 year, 3 to 4 feet. ...... $0.20 1.80 12.00

Hyslop. Fruit large, deep crimson, thick blue bloom. Tree vigorous, heavy cropper. Sept.

*Transcendent. Fruit very large; yellow striped red. Productive. Sept.

*Whitney No. 20. A vigorous grower; great bearer; fruit large, smooth, glossy green, striped and splashed with carmine; flesh firm, juicy. Aug.

PEARS

Prices of Pear on Pear roots:

Each 10 100 1000
1 year .......................................... 6 to 8 ft. $0.30 $2.50 $20.00 $175.00
1 year .......................................... 4 to 6 ft. .25 2.00 18.00 150.00
1 year .......................................... 3 to 4 ft. .20 1.50 15.00 125.00
1 year .......................................... 2 to 3 ft. .15 1.00 12.00 100.00

Pear on Quince roots. "Double worked" on Beurre Hardy Pear:

Each 10 100 1000
1 year .......................................... 4 to 6 ft. $0.30 $2.50 $20.00 $150.00
1 year .......................................... 3 to 4 ft. .25 2.00 18.00 150.00

It is a recognized fact that a great many varieties of Pears lack affinity when budded on Quince root. Experience has demonstrated the necessity for budding the Beurre Hardy on the Quince, as it makes an unusually strong, perfect union. After the Beurre Hardy are grown they are then budded to the following varieties: Bartlett, Beurre Clairegeau, Crocker Bartlett, Doyenne du Comice, Easter Beurre, Glou Morceau, Madeleine, Seckel, Winter Bartlett and Winter Nells. This is what is termed "Double Worked" trees. The Quince root causes the trees to become of a dwarfish habit; they bear very much earlier and produce immense crops of fruit when only a few feet high. It is practical to plant them among "standard" orchard trees, and they are also very desirable for home grounds. They can be planted 12 feet apart in orchard form.

*Bartlett. The leading commercial pear of California for canning, shipping and drying, and more extensively planted than any other. Large; golden yellow, red cheek; thrives in all parts of California. Aug.

*Beurre Clairegeau. Large; crimson; good shipper. Sept.

Beurre d'Anjou. Large; russet yellow, shaded with crimson; juicy and delicious; fine for table and market. Sept.

*Beurre Hardy. Large; greenish, covered with light russet. Flesh buttery. Sept.

B. S. Fox. Large, greenish-yellow, covered with golden yellow russet. Oct.

*Crocker Bartlett. (New.) Fruit oblong, acute, pyriform; large; rich golden yellow; netted and overspread with russet. Flesh is yellowish, juicy, subacid to sweet and rich flavor. Tree vigorous grower. Nov.

Doyenne d'Alencon. Medium; skin rough yellow, shaded dull crimson. Dec.

*Doyenne du Comice. Large; greenish yellow, shaded with crimson. As a market pear ranks next to Bartlett. Oct.

Flemish Beauty. Large, pale yellow; good bearer. Sept. and Oct.

*Glou Morceau. Pale greenish yellow, marked with small green dots; flesh fine-grained, with sugary flavor; fine shipper. Dec.

BARTLETT PEAR

Howell. Medium; yellow, with minute russet dots. Immensely prolific. Aug.

*Madeleine. The first early pear. Pale yellow, dotted with brown. June.

Lawson or Comet. Large; bright crimson on yellow ground; good shipper. June.

Le Conte. Tree a wonderful grower, with rich, luxuriant foliage. Fruit large, bell-shaped; skin smooth; rich creamy yellow color; fine for shipping and excellent for cooking. July.
P. Barry. Large; yellow; juicy, fine-grained; excellent keeper. Tree vigorous grower and heavy bearer. Dec. to March.

*Seckel. Highly flavored variety; brownish green with russet brown cheek; flesh whitish, buttery. Aug. to Sept.

*Winter Bartlett. Large; yellow, slightly russeted on one side; tender, juicy. Flavor almost identical with summer Bartlett. One of the finest winter varieties. Nov.

*Winter Nella. Medium; yellowish green, gray-russet dots; flesh yellowish white; excellent shipper. Dec.

Except Burbank and Abundance—see special prices.

The Hearts, or Bargarreus, are the sweet growers. These are designated by the letter "H"; the Dukes, or Morellows, which are the sour Cherries, by the letter "D." These grow slowly, the branches are slender; the leaves are thicker, smaller and of a deeper green.

Belle d'Orleans. H. Roundish, heart-shaped, light yellow, flushed with red. May.

*Bing. H. One of the grandest blacks. Its large size, firmness and delicious flavor have caused it to be in active demand. A thrifty grower and prolific bearer. Middle of June.

Centennial. H. Pale yellow, marbled and splashed with crimson; flesh firm, sweet. Early June.

Early Purple Guigne. H. One of best. Purple; tender; juicy, sweet. April and May.

Early Richmond. D. Medium; dark red; juicy; very productive. Middle of May.

English Morello. D. Large; deep red; tree small and slender. July.

Lewelling. H. (Black Republican; Black Oregon.) Large size; black; young and profuse bearer. July.

*Lambert. H. Its large size, rich, glossy, deep red color, firm flesh, unsurpassed flavor, combine to make it one of the leading market varieties. Middle of June.

May Duke. D. Large; rich dark red. May.

*Napoleon Bigarreau. H. (Royal Ann.) A magnificent cherry of largest size; pale yellow with bright red cheek; flesh firm, sweet; most popular all-round cherry. Late June.

“Abundance”

Tree a strong grower and an early bearer of very heavy crops. Fully twice as productive as Royal Ann, fruit larger, handsome, as firm, better form and color, sweeter and far more delicious, never cracks. When canned, in appearance and color the very best.

“Burbank”

This cherry has been tested by practical cherry growers and its commercial value has been fully established. Ripens earlier than the Early Purple Guigne, and its size, firmness and flavor far surpass that variety. Averages medium to large in size; skin deep purplish black; tree a beautiful grower, vigorous and erect.

PLUMS

Prices of Plums, General Collection, on Almond, Myrobolan and Peach roots:

America. Fruit large; skin glossy coral-red; flesh yellow, moderately firm, delicious; one of the most highly flavored plums.

Apple. Deep red with white marbling; large, firm and of fine flavor. Late July.

Bartlett. Yellow, turning to crimson; flesh salmon-colored, firm, juicy. Last of June.

Bavay's Green Gage. (Reine Claude de Bavay.) Large; greenish yellow; juicy. Aug.

*Burbank. Medium; globular; cherry-red, with lilac bloom; flesh yellow. Late June.

Chalco. Large; cinnamon-red; fine flavor; tremendous grower; prolific. Early Aug.

*Cherry. Really identical with the Myrobolan Plum, so extensively used as a stock. The variety we offer has been carefully selected. June.

*Climax. Very large; deep, dark red; flesh yellow, delicious flavor. Tree vigorous and very productive. Middle of June.

APEX PLUMCOT. This new fruit ripens with the earliest plums. Tree a strong, compact, upright grower and good bearer even where apricots cannot be grown, and in seasons where some plums are failures. Fruit very large; color deep pink or light crimson, freestone; flesh honey-yellow, firm, rich, aromatic.

BEAUTY. Another of the new introductions, having been accorded a leading place by the growers of shipping plums. Tree a most remarkably vigorous, upright grower, with large, healthy foliage. Fruit beautiful, oval, crimson with amber-crimson flesh. The largest of the early plums and ripening ten days earlier than Santa Rosa.

FORMOSA. A grand shipping fruit. Tree is a vigorous, upright grower with large, cherry-like foliage; fruit of the largest size, heart-shaped and of light cherry-red color. Flesh pale yellow, usually firm, sweet, rich, delicious, with delightful flavor. Ripens July.

GAVIOTA. Ripens two weeks after Formosa; is of a deep reddish purple color; flesh honey-yellow; fragrant and sweet to the pit, which is so small in comparison with size of fruit that it might almost be called "seedless."

RUTLAND PLUMCOT. As its name indicates, this new fruit is a cross between a Plum and an Apricot. The tree grows very much like a weeping willow; its long, pendent branches bend gracefully over. Fruit large, with a deep purple, velvety skin and with a brilliant red flesh with subacid flavor, making it very desirable for cooking, jellies and jams.

SANTA ROSA. Regarded as one of the best of the Japanese type of plums. Very large; deep purplish crimson color, with pale blue bloom. Flesh yellow, streaked and shaded with crimson. As a shipping plum it has few equals. Ripens middle of June.

Except Conquest, Standard and Improved French. See special prices.
Fellenberg. (Italian Prune.) Large; dark purple; flesh greenish yellow; freestone. Aug.

*French. (Petite Prune d’Agen.) Medium size; purple; sweet and rich; standard for drying—the most extensively planted prune. Aug.

German. (Quetsche.) Long; purple blue bloom; flesh green, sweet; freestone. Aug.

*Hungarian. Tree is a vigorous grower, and heavy bearer. Very large; reddish violet; juicy, sweet; profitable for shipment. Aug.

*Imperial Epineuse. (Imperial.) Very large; violet-purple; exceedingly sweet. Very valuable for drying and a great market variety on account of its size and quality. Sept.

*Robe de Sargent. Large; deep purple; flesh rich and sugary. Fine prune for drying; ten days earlier than French prune. Aug. and Sept.

Silver Prune. Largest size; pale yellow; profitable for bleaching and canning. Sept.

*Sugar. Dark purple; flesh yellow, tender and rich; valuable for shipping green and for drying; a great bearer. Early Aug.

*Tragedy. Dark purple; flesh yellowish green, very rich and sweet. Valuable shipper. Early July.

NEW PRUNE “STANDARD”

This late introduction is a cross between Tragedy and Sugar Prune. It has been tried in a commercial way now for several years, and it undoubtedly has great possibilities as a high-grade Prune.

The trees are heavy bearers, and strong, healthy growers. Well-grown fruits measure four and a half inches around one way by nearly six inches the long way. Skin dark reddish purple, with a heavy blue bloom; flesh honey-yellow, fine-grained, juicy, yet firmer than most other drying prunes. Is very sweet and a perfect freestone.

NEW PRUNE “CONQUEST”

The tree is a vigorous, healthy, rapid grower and unusually productive. The fruit is very similar to the French Prune in form, size and color, with golden, sweet, rich flesh. The stone has been eliminated with the exception of a tiny speck. The fruit is valuable and the tree is very productive. Ripens with the French Prune.

Black Apricot. Dull, reddish purple, covered with slight down; Juicy, with pleasant flavor. June.

*Blenheim. (Shipley.) Above medium; deep yellow; juicy and rich flesh. In great demand both for canning and drying. Trees regular and heavy bearers. Middle of June.

*Hemskirke. (Alameda Hemskirke.) Almost as large as Moorpark, but earlier and more prolific; flesh bright orange; tender. June.

Large Early Montgamet. Fruit large, compressed; golden yellow, with a touch of red. Early July.

*Moorpark. Very large; red on the sunny side; flesh bright orange. Late June.

Newcastle Early. Medium; fine quality; good shipper and valuable on account of its earliness. First of June.

Pringie. Small; clingstone; good quality; very early. Middle of May.
ROEDING & WOOD NURSERY CO., LOS ANGELES, CAL.

APRICOTS—Continued

*Royal. The most extensively planted variety. Medium; flesh pale orange, with rich, vinous flavor. Early June.

Routier's Peach. (Peach; Bergett's French.) Yellow; flesh yellow, juicy. June 15.

On Quince stock: Each 10 100
1 year...........4 to 6 ft. $0.35 $3.00 $25.00
1 year...........3 to 4 ft. .50 2.50 20.00

Apple or Orange. Large; fine golden color; valuable for preserves or flavoring. Sept.

QUINCES

Prices on Peach Stocks, except special varieties noted.

Peach—Freestone varieties—On Peach root:
Each 10 100 1000
1 year...........4 to 6 ft. $0.25 $2.00 $20.00 $200.00
1 year...........3 to 4 ft. .20 1.50 12.00 100.00
1 year...........2 to 3 ft. .15 1.20 10.00 80.00

All varieties not designated as Clingstones are free.

BRIGGS RED MAY. Greenish white, with red cheek; flesh white. Recognized market variety. Middle of June.

Crosby. Orange-yellow, splashed with carmine; valuable for shipping. Late Aug.

*Elberta. Very showy and one of the best market and table varieties. Last of July.

*Foster. Large; yellow, dark red cheek; fine for drying, market or canning. July.

George's Late Cling. Large; yellowish white, splashed with red; flesh firm. Ships well. Sept.

*Hale's Early. Large; skin greenish, mottled red; flesh white, juicy, sweet. A standard amarillo, shipping varieties. Early July.

*Heath Cling. Very large; creamy white, with faint blush; flesh white; highly flavored and one of the best for canning. Sept.

Late Crawford. Very large; yellow, with red cheek; flavor excellent; dries well. Early Aug.

Levis Cling. Strong grower; fruit deep golden yellow, slightly blushed on one side. Flesh clear yellow to pink; fine-grained, excellent flavor. Ripens before Tuscan Cling.

Levy's Late or Henrietta Cling. Deep yellow, shaded brownish red; of the largest size and one of the best for canning for home use. Oct.

*Lovell. Leads all other clear yellow freestones; medium to large. One of the best drying and canning freestones. Dries even heavier than the Muir. First week in Aug.

*McDevitt's Cling. Large; golden yellow; flesh superior flavor. In demand by canners. Aug.

*McKevitt's Cling. Creamy white, with delicate blush; flesh firm, rich and sugary; as a canning peach it has few superiors. Late Aug.

Morris White. Large; greenish white; flesh firm, sweet and juicy. First of Aug.

*Muir. Very large; flesh clear yellow, very rich and sweet. The leading drying peach of California; good for canning. Last of July.

PEACHES

Peak's Cling Peach
See page 11

*Admiral Dewey. Identical with Triumph. Large and handsome; the first early yellow-fleshed variety to ripen; a good market sort. Middle June.

*Alexander. Large; greenish white, shaded deep maroon; juicy, sweet; a standard shipping sort. Early June.

Australian Saucer. Medium; flat; white, shaded crimson; flesh white, sweet. July.

Blythe's Late. Large; white with blush cheek; flesh white; excellent late shipper. Oct.

Blood Cling. Medium; clouded purplish red; flesh deep red. July.

*Smyrna. Large; flesh bright orange-yellow; freestone. Kernel is sweet, having the properties of an almond. June.

*Tilton. Orange-yellow, with pronounced flavor; valuable for canning and shipping. June.

*Pineapple. Flavor is suggestive of the pineapple. Makes a superior jelly and will cook tender in five minutes. Sept.

*Smyrna. Introduced by us from Smyrna. Very large and of a lively lemon-yellow; when cooked it is very tender, with a pronounced Quince taste and odor. Oct.
Opulent. Originated by Luther Burbank. Medium to large, almost globular; creamy white, with crimson dots; flesh is very juicy. Early July.

*Phillip’s Cling. Large; yellow; flesh firm, clear yellow. Always commands the highest market price for canning. Late Aug.

Piquet’s Late. Large; skin yellow with red cheeks; flesh yellow. Early Sept.

*Runyon’s Orange Cling. Very large; yellow, with a dark crimson cheek. Early Aug.

*Salway. Large; flesh deep yellow; rich and sweet. Good for canning and drying. Middle of Sept.

Sellers’ Orange Cling. Very large; rich golden. Middle of Aug.

*Sims Cling. An improved Phillip’s Cling. Large to very large; golden yellow, with faint blush; flesh deep yellow, of fine texture, firm and rich; pit small. We regard it as the best clingstone for canning and recommend for extensive planting. Ripens middle of Aug.

Sneed. Large, creamy white, with blush cheek; tender, juicy; valuable for early shipping. Middle of May.

Strawberry. Medium white, marbled dark red; flesh white, juicy, with rich flavor; good table sort. Early July.

*Susquehanna. Large; yellow, nearly covered with red; flesh yellow, sweet, juicy. Aug.

*Tuscan Cling. (Tuskena; Yellow Tuscan.) Very large; yellow. The best early canning peach; takes the lead over all other varieties in the middle of July.

Van Buren Dwarf. Tree very dwarf and ornamental; loaded with fruit when three feet high; fruit medium, yellow shaded red; flesh yellow. Middle of Aug.

*Wheatland. Very large; yellow, shaded red; flesh yellow; firm, melting, juicy. Aug.

CONNET’S SOUTHERN EARLY. Creamy white, with bright red blush; large, and of fine flavor; vigorous grower. Last of May.

GREENSBORO. Among the earliest and largest. Creamy white, with dainty blush; a wonderfully vigorous grower. May 1.

LEADER. The earliest of all the Muir X Crawford types, ripening near the coast in July. Unusually vigorous trees, which never fail to produce a full crop of beautiful, smooth, globular, bright yellow fruit with deep crimson blush; flesh yellow, meaty, firm, very sweet and delicious.

LIBBY CLING. This is another new peach which originated in Selma, and which commences to ripen its fruit shortly after the Peak. In general appearance, the fruit bears a rather close resemblance to the Peak Cling, except that the skin is more highly colored and the flesh is of a somewhat deeper yellow tint. The fruit is very large. The tree is of an exceptionally robust habit and a very heavy producer. This variety has been planted in a small way for several years and has been tested sufficiently so that its value as a canning peach with a great future ahead of it cannot be questioned. The Peak and the Libby are two varieties which will undoubtedly stand out prominently as leaders among the canning peaches.

MAYFLOWER. One of the earliest peaches; red all over. Tree a strong grower, late bloomer and heavy bearer. Early May.

NATIONAL. Tree a strong grower and never-failing producer of very firm, nearly globular fruits. Freestone—small stone. Flesh pale yellow, firm, superior quality, far excelling either parent. Ripening two weeks after the “Leader.” A firm and most delicious peach when canned, and unexcelled for drying and shipping. Extra handsome and good. A market or home peach.

OKLAHOMA BEAUTY. Extremely large; nearly round, with high color. Among the finest in quality. Specimens measure 8 inches in circumference. May.

OKLAHOMA QUEEN. “Queen of Peaches.” Larger than Greensboro in size, and in quality one of the finest early peaches grown. Wonderfully productive. Middle of May.

PEAK’S CLING. Originated near Selma, Fresno County, California. This new variety has so many points in its favor that it is sure to be in heavy demand by canners. The peach averages uniform in size, is almost round, with skin slightly colored where exposed to the sun, but the flesh is clear yellow to the pit. It is fine-grained and of excellent flavor. The pit is very small—a point which appeals very forcibly to those who engage in the canning of fruit. It ripens immediately after the Tuscan and therefore fills a long-felt want, for canners throughout California have for years been seeking just such a peach as this. Its value as a commercial peach has been thoroughly tested out by the canners, and they are very profuse in their praises of this new sort. We take great pleasure in recommending it as worthy of extensive planting. The tree has every appearance of being a Muir and this variety is undoubtedly a seedling developed from the Muir, except that, instead of being a freestone, it is a cling.

Stanwick Nectarine

See page 12
NECTARINES

On Peach roots:
1 year ........................................ 4 to 6 ft. $0.30 $2.50 $20.00
1 year ........................................ 3 to 4 ft. $0.25 $2.00 $16.00
1 year ........................................ 2 to 3 ft. $0.20 $1.50 $12.00

Humboldt. Very large; bright orange-yellow, streaked crimson; flesh orange. Aug.

Stanwick. Very large; skin pale, shaded rich violet; flesh white, tender, juicy. The best drying, shipping and canning sort. Aug.

New White. Large; greenish white. Early July.

THE NUT TREES

STUART PECAN—See page 13

ALMONDS

On Almond and Peach roots:
1 year ........................................ 4 to 6 ft. $0.20 $2.50 $20.00

1 year ........................................ 2 to 3 ft. $0.20 $1.50 $12.00

*Drake’s Seedling. Regular and abundant bearer, due to its late flowering. Soft shell.

Harriot’s Seedling or Commercial. One of the largest of the soft shells, with a sweet kernel. Tree very ornamental.

*I. X. L. Sturdy, upright grower; nut large; soft shell; bears heavily and regularly. Highly recommended by all orchardists.

Languedoc. One of the best of the foreign varieties grown in California. Nut large; kernel sweet.

*N. E. Plus Ultra. Large and very long; soft shell. A rapid grower and regular, heavy bearer.

*Nonpareil. Weeping habit and forms a beautiful tree. One of the best. An extraordinarily heavy bearer of the paper-shell type.

*Peerless. Preferred by some to I. X. L., which it resembles, but the nut is larger.

*Texas Prolific. Closely resembles Drake’s Seedling. Kernel very plump and of medium size, shell soft, hulls very easily. Never fails to produce a good crop.

The Jordan. The famous Spanish variety so long sought after by nut-growers. Nuts are long, with hard shells; the kernels are superior in flavor, long and plump and filling the entire cavity. A strong grower and heavy bearer.

*Eureka (New). Blooms with Nonpareil, usually in full bloom March 1. Nuts mature September 1. The Eureka, on account of the similarity of the kernel in shape and flavor to the famous Jordan, commands the very highest price, and confectioners pay a premium to secure it. It differs in two essentials from the Jordan, being somewhat smaller in size and is a paper-shell. The tree is an exceptionally strong grower and heavy cropper. Originated on the farm of A. M. Newland, Conesus, Cal. His orchard is twenty years old and a failure of crop has never been known. The commercial value of this nut has been established by years of trial.

The Italian or Spanish. Introduced from Europe. Very ornamental; medium-sized nuts.

CHESTNUT

Grafted Varieties

Each 10 100
6 to 8 feet ................................ $1.00 $8.00
4 to 6 feet ................................ $0.80 $6.00
3 to 4 feet ................................ $0.60 $4.00

The grafted varieties come into bearing when four years old and produce nuts of superior quality. The trees have more distinctive character. For fruit and ornamental purposes they have few equals.

THE PISTACHIO

The Pistachio. Pistacia vera is the botanical name for the Pistachio nuts of commerce, sometimes called green almond. Very extensively used for coloring and flavoring confectionery, imparting a peculiar but agreeable flavor, which cannot be acquired from any other source.

GRAFTED ON CALIFORNIA BLACK

We have practically discontinued the growing of the recognized leading varieties of Walnuts from seed, for the reason of the variation in the seedlings, which even the most careful selection cannot overcome. Standardization of the established varieties can only be maintained by the selecting of grafting wood from trees which are known to be true to their type. Grafted trees worked on the California Black Walnut have so many points in their favor, and one in particular is that they come into bearing several years earlier than the seedlings, making the difference in price in favor of seedling not worthy of consideration.

**Cut-Leaved Walnut**
**ROEDING & WOOD NURSERY CO., LOS ANGELES, CAL.**

**WALNUTS—Continued**

**WALNUTS OF RECENT INTRODUCTION**

Grated on California Black:

| Each 10 100 | $0.30 $1.25 $2.00 |
| 10 to 12 feet | 1.25 10.00 90.00 |
| 8 to 10 feet | 1.25 10.00 90.00 |
| 6 to 8 feet | 1.00 9.00 80.00 |

*Concord.* This popular variety originated from a single tree planted seven years ago by the father of Mr. George Westcott, in Walnut Creek, Contra Costa County, Cal. The fact that the tree has been a strong grower, enormous bearer; producing large, smooth, round nuts, well filled, has placed it in the front rank as the sort to plant by all Walnut growers in this district. It is certainly worthy of trial in other sections of the State.

*Eureka.* Tree is remarkably vigorous, up-right grower, leaves and blooms fully three weeks later than seedlings of the Santa Barbara Soft-Shell, and is therefore very desirable in localities subject to late frosts. An immense producer. Nuts large, elongated, smooth and tightly sealed.

*Neff’s Prolific.* A rapid-spreading grower with smooth, clean, hard, rich flesh; but late, and ripens its nut early. Nuts large, oval, slightly ribbed and tightly sealed. Trees fifteen years old in orchard form have produced 250 pounds of fine, large, hard nuts. Highly resistant to blight. Especially suited to Southern California conditions.

*Pisgah.* A vigorous grower; commences to bear abundantly about the fifth year after planting. An improved Santa Barbara Soft-Shell.

*Wilson.* Originated by F. C. Willson and probably a seedling of the A’ Bijou, to which it bears a very close resemblance as to size, which is exceptionally large. The shell is much smoother. The variety is noted for its precocity, even in the nursery rows. Being loaded with nuts. Valuable for planting in the confines of the home grounds.

**WALNUT TREES FOR TIMBER**

Grated on California Black Walnut:

| Each 10 100 | $0.30 $1.25 $2.00 |
| 10 to 12 feet | 1.25 10.00 90.00 |
| 8 to 10 feet | 1.25 10.00 90.00 |
| 6 to 8 feet | 1.00 9.00 80.00 |

Burbank’s latest creations in rapid-growing timber trees.

**Paradox.** It grows fully a third faster than the California Black Walnut: bears one-half the nuts free from pests. Produces timber light in color and with fine, compact grain. In cold climates, winter protection should be given the trees for two or three years. Very rarely produces any quantity of nuts.

**Royal.** A stately, symmetrical tree, with all the good qualities of the California Black, exceeding it in height far in the rapidity of growth. The wood is exceedingly hard, close-grained and takes a silky polish, more nearly resembling the tropical mahogany.

**JAPANESE VARIETIES**

| Each 10 6 to 8 feet | $0.75 $6.00 |
| 4 to 6 feet | .60 5.00 |
| 3 to 4 feet | .50 4.00 |

*Japanese.* Nuts produced in clusters; shell smooth; kernel very sweet.

**NEW FIGS**

**SMYRNA CLASS**

| Each 10 100 | $0.30 $1.25 $2.00 |
| 2 year., 4 to 5 ft. | .50 1.25 2.00 |
| 2 year., 3 to 4 ft. | .25 1.00 1.60 |
| 2 year., 2 to 3 ft. | .20 1.00 1.40 |

*All of our fig trees are two years old and are thoroughly ripened up. One-year trees are pithy and do not transplant well.*

**Bardaji.** A magnificent table fig, with rich, deep purple pulp. Aug. and Sept.

**Capri Howard.** Ripens shortly after Capri No. 1. The figs are large and the Prohchi crop has an abundance of male flowers, which always mature. This variety is one of the best of the late introductions.

**Capri Magnissalis.** By far the largest of all Capri Figs and more abundantly supplied with insect galls than any other variety.

**Capri Milico.** One of the most promising varieties. A good producer of all the crops necessary to perpetuate the insect. Prohchi crop ripens late in maturing and valuable on this account.

**Roedings’ Capri No. 1.** Very rapid, vigorous grower, maturing its first Prohchi figs June 12th, following closely after Roedings’ Capri No. 3. Produces an abundance of all crops necessary to sustain the life of the Blastophaga grossorum, the insect that produces the caprification of the fruit.

**Roedings’ Capri No. 2.** Produces an abundance of the Prohchi crop and lengthens the season of caprification and is valuable on this account. Its first figs ripen June 16th.

**Roedings’ Capri No. 3.** A decidedly distinct variety. Branches very heavy; closely jointed; a spreading grower; figs very large, heavily ribbed and always abundantly supplied with insects in the Prohchi crop. It also produces a good crop of the over-wintering or Mamme figs.

**Van Lennep Capri.** This variety has been grown by us for a great many years. Introduced by Dr. Van Lennep, of Auburn, Cal. We regard this variety as one of the best of the Capri Figs. Ripens June 16th.

**ADRIATIC CLASS**

This class of figs does not require pollination to mature its fruits. They will adapt themselves to a wider range of localities than the Smyrna types.

| Each 10 100 1000 | $0.30 $1.25 $10.00 |
| 4 to 5 feet | 1.50 10.00 100.00 |
| 3 to 4 feet | .50 1.50 15.00 |
| 2 to 3 feet | .20 1.00 10.00 |

This class of figs will be mailed free of charge.

It is necessary to have an open Capri Fig tree with every 20 Smyrnas. Even where one Smyrna tree is planted, a Capri Fig tree should be ordered. In plantings of any con-}
**Bourjasotte Panache.** The most ornamental of all fig trees. Fruit medium, green and yellow. Early Aug.

**Brown Turkey.** The earliest large fig. Color violet-brown. Identical with the so-called Magnolia Fig.

**Mission.** (California Black.) Stands in the lead of all black figs for shipping and drying. Tree a vigorous grower and heavy bearer. Late June and Aug.

**San Pedro White** (Fico de San Pietro). "Apple Fig." Excellent flavor; skin golden yellow; very palatable. Middle of June.

**San Pedro Black.** Very large; violet-black; pulp red. Early in Aug.

**Verdal Longue** (Sultana; Verdal Hondo). Very rich, sweet, aromatic. Sept. and Oct.

**White Adriatic.** Fruit large; greenish yellow; pulp carination-red. Second week in Aug.

**White Endich.** (Kadota.) Medium sized; thin, white skin; pulp white. One of the best for canning and pickling. First week in Aug.

**OLIVES**

Our nurseries have been more closely associated with the growing of the Olive than possibly any other concern in the State. Twenty-five years ago we were growing over 30 varieties of Olives. At that time equal attention was being given to both the oil and pickling varieties. Now that it has been demonstrated that a good pickling olive makes an excellent grade of oil in nearly all cases, the elimination of so many varieties has been very pronounced. The demand has dwindled down to a few standard varieties which seem to meet the exacting demands of the firms engaged in the business commercially.

We are devoting our attention particularly to growing the best types of these recognized standards, the cuttings having been taken from our own orchards, of which there are none superior in the State.

We do not grow our trees on Picholine roots except such varieties as will not root readily from cuttings. We are constantly receiving letters inquiring for trees on Picholine roots. Our own orchards and other orchards which have come under our observation, from trees sold by us, have demonstrated that there is no advantage either in the growth of the trees or in their fruitfulness; therefore we have never used this root to any extent. We wish to state to our customers that had we deemed it to their advantage to give budded trees the preference, we would have followed this policy years ago.

Olive trees are sold on the basis of caliper measurement, the heavier the bofy, the higher the price. In filling orders, we make an invariable rule to cut trees back to three feet or
less and shorten in all the side branches. To insure the life of the trees, it is very essential that this should be done. For detailed information about the Olive, write for copy of Roeding's "Practical Horticulture on the Olive." It is free.

See Special Price on Ascolano and Sevilliano, as noted below. Write for special prices on large quantities.

Atrovioleace. Medium size; deep jet-black; a good oil olive. Late Oct.

Chimalay. (New.) There are several hundred thousand acres of these olives growing in Algiers on arid lands and the orchards are never irrigated. The trees are enormous bearers. The olives are small and only adapted for oil purposes.

Corregiola. Small; high grade for oil. Nov.

Lucques. Crescent-shape; good for oil and pickling. Middle Oct.

*Mission. Tree a handsome, upright grower, and fine for avenues. Medium to large; excellent pickles; makes a superior oil. Late Oct.

Nevadillo Blanco. Medium; deep black; rapid grower, and makes a pickle of superior flavor, but runs somewhat small in size. Sent.

*Obiza. Large; borne in clusters on the stems. Excellent for pickles. Middle Oct.

Pendulina. Grows in clusters and produces a high grade of oil. Last of Nov.

Razo. Oval; medium; yields the finest grade of oil. Last of Nov.

Rubra. Yields oil of highest grade, Early Nov.

*Ascolano. Large; early; among the best of the pickling varieties. Oct.

*Sevillano. The largest of all. The "Queen Olive" of commerce. Early Oct.

CITRUS FRUITS

There is no variety of fruit trees grown that is so exacting in its demand for favorable soil and climatic conditions as citrus trees. Our nurseries at La Habra, Orange County, California, which are devoted to the growing of citrus and other tropical and semi-tropical fruits, are admirably situated for growing the very best of stock. Intense cultivation and close attention to every detail must be exercised to grow the high-grade citrus trees which we supply to our customers. We make it a point to grow trees on Sweet, Sour and Citrus Trifoliatata roots. This last-named root seems to exert a decided influence in causing citrus fruits to mature earlier, the skin to be smoother and the pulp finer grained and with less rag. It is a noticeable fact, and one very important to the grower, that trees on Citrus Trifoliate root are very heavy croppers. We particularly recommend this root for locations where early ripening is an important factor.

Write for special low prices on commercial plantings of more than one hundred trees, of ornamental, etc. Our stock is unusually fine this year, grown from buds of select strains from trees producing premium fruit, and if you will write us the kinds and varieties wanted, we will quote you by return mail, describing the stock, freight rates, etc.

Golden Nugget Navel. (New.) Oblong; good size; deliciously sweet; seedless. Nov. to March.

Joppa. Fruit large; red; nearly seedless; pulp very fine, sweet, juicy. April to July.

Mediterranean Sweet. Large; pulp solid and few seeds; ripens late. Feb. to April.

Navelencia. (New.) Ripens sixty days after Washington; equal to the very best. April to June.

Ruby Blood. Medium; very smooth; pulp rich, juicy and melting. Jan. to April.

*Valencia Late. Large; reaching the market when all other varieties are gone. A profitable variety.

*Washington Navel. In California it has reached its highest stage of perfection, and stands in the lead of all other varieties for its large size, lusciousness and sweetness of pulp. The most extensively planted variety on the market. Nov. to March.
A View of Specimen Trees in our Citrus Nurseries

SPECIAL VARIETIES

Each 10 100
3 to 4 feet............ $1.50 $12.50 $100.00
Citron of Commerce. Large, weighing from 3 to 5 lbs.; shaped like a lemon; skin bright yellow, smooth and very glossy. The tree is of a dwarf habit, with large, glossy leaves and very ornamental.

*Bearss Seedless Lime. Very large; seedless; very juicy, with pronounced acidity. One of the best in cultivation. Hardy, enormously productive, and matures fruit year round.

Mexican Lime. Largely used in California for hedges; fruit large and excellent.

Kumquat. About the size of a large gooseberry; rind sweet, juicy, acid, delicious and refreshing. Tree dwarf and desirable for pot and garden culture. May to July.

*Satsuma. (Unshiu; Oonshiu.) Deep yellow; flesh very tender, juicy. Oct. to Dec.

St. Michael. Small; round; firm; thin skin; pulp juicy and very sweet. Feb.

*Tangerine. (Dancy’s). Medium size; very sweet; rind thin and separating readily. March.

New Seedless Lemon. Buds sent to Mr. Roe- ding from Algiers, and has been fruiting with us for the past four years. Tree a vigorous grower and quite prolific; fruit about the size of the Eureka, but pear-shaped; thin-skinned and very juicy; absolutely seedless.

Ponderosa Lemon. An ornamental type of dwarf habit, adapted to small gardens. Fruit large and abundantly supplied with juice. Of no commercial value.

ALGERIAN CITRUS FRUITS

3 to 4 ft., each $1.50.

NEW MANDARIN. Buds of this were forwarded to us several years ago by Dr. Trabut, of the French Government Experiment Station, Algeria. The tree is not quite as vigorous as the ordinary Mandarin or Satsuma. It is more of a dwarf habit and in addition to this is very striking on account of its willow-like foliage, making it a very handsome ornamental tree as well as being a heavy producer of most luscious oranges. The fruit is of the true Mandarin type with a few more seeds. The flavor is of the best and the fact that it ripens fully a month earlier, combined with the fact that it is exceedingly ornamental, as well as being very prolific, will make it a valuable acquisition for small gardens.

NEW TANGERINE. A vigorous, upright grower like the Dancy Tangerine. The fruit bears very close resemblance to the ordinary Tangerine, is almost seedless and ripens fully three months earlier. It gives promise of being one of the most valuable of our late introductions in the citrus line.

NEW LIME

RANGOON LIME. This is a very valuable Lime, unlike any known to the trade. The fruit has the appearance of a Tangerine, with the same loose skin, but with an intense acid and valuable for the uses that limes or lemons are put to. The tree is a very prolific bearer and a novelty of great value.

Each 3 to 4 feet......................... $2.50

LEMONS

Each 10 100
¾ to 1 inch, caliper........... $1.00 $8.00 $70.00
¾ to ¾ inch, caliper........... .80 7.00 60.00
¾ to ¾ inch, caliper........... .70 6.00 50.00

*Eureka. Medium size; sweet; smooth, glossy; abundant acid and very little rind. Popular on account of its heavy summer crop, maturing when Lemons are in greatest demand.

*Lisbon. Medium size; sweet rind and strong acid; few seeds; a prolific bearer. Very hardy.

Villa Franca. Oblong; rind thin, without any trace of bitterness; pulp acid, juicy, nearly seedless. A fine commercial variety.

POMELOS

Each 10 100
¾ to 1 inch, caliper........... $1.00 $8.00 $70.00
¾ to ¾ inch, caliper........... .80 7.00 60.00
¾ to ¾ inch, caliper........... .70 6.00 50.00

*Marsh’s Seedless. Medium to large; skin very smooth, glossy; lemon-yellow color; pulp juicy, with very little rind. The finest variety of Pomelo. The fruit will hang on the tree till late in September the following year.

Triumph. Medium size; peel smooth, clear, thin, and fine-grained; very heavy. One of the best.
SPECIMEN CITRUS TREES

In less than carload lots the freight rates on citrus and ornamental trees and vines have been greatly reduced over those prevailing a year or so ago, making quite a reduction to purchasers in transportation. Our charges for boxing and packing cover only cost of material.

WASHINGtON Navel Orange
See page 16

ORANGE, LEMON, POMELO

To meet a growing demand for citrus trees for indoor, conservatory and lawn purposes, we are offering this season a magnificent stock of established trees properly trained for immediate effects. Not only are they objects of beauty, with their rich, luxuriant foliage and symmetrical growth, but they possess an additional value on account of their early fruiting qualities. We can supply these extra fine trees at the following prices:

*Hachiya. Very large; conical; bright red with dark blotches; flesh deep yellow, soft and jelly-like when ripe. One of the best. Sept.

Hyakume. Very large; orange-yellow; few seeds; juicy and not astringent. Oct.

Mammoth Gosho. Very large; round; somewhat flattened. Specimens average 10 oz. Flesh red. Tree erect grower.

*Tane-Nashi. Very large; bright red; flesh yellow; seedless. A good market variety. Vigorous grower and heavy bearer. Sept.

*Yemon. Large; dull red; flesh deep yellow; seedless. When fully ripened, one of the most delicious persimmons. Nov.

AHUACATE (Avocado) ALLIGATOR PEAR

A tropical or subtropical pear-shaped or spherical fruit, of great food value, which will undoubtedly become one of the leading commercial fruits of California, as all who have tested it so far are enthusiastic in its praise as an income producer.

See special price on Northrop.
**AVOCADO—Continued**

**Ganter.** A greenish, thin-skinned variety of oblong oval shape. A good sort for garden planting, being a uniform, prolific bearer of fine-flavored fruit from 3 to 4 inches long, ripening in the late fall. 10

**Harman.** An extra hardy, pear-shaped, thin-skinned variety, ripening in early winter, having a smooth, rich, nutty flavor. Tree an upright, uniform grower, bearing purple fruits weighing slightly over one-half pound.

**Meserve.** A round, slightly pear-shaped, thick-skinned variety of greenish color, weighing about one pound, with a tight seed, which, together with its rich, buttery flavor, makes it one of the best for commercial planting. Ripens April to June.

**Taft.** A pyriform green thick-skinned variety weighing about a pound and ripening in midsummer, with a fine velvety rich flavor. Tree a good, uniform grower, very ornamental.

**Wagner.** Similar to the Meserve except it ripens later, making them desirable for planting together for a long fruiting period. Good market variety.

**Northrop.** Purple, thin-skinned, medium size; pear-shaped; rich flavor. Tree very hardy and vigorous. Yields two crops a year. Sept. to Nov.

**Price.** 2 to 3 feet, in boxes........$2.00 $15.00

**BANANA**

Leaves often 2 feet wide and 8 feet long make it a fine plant for decorative purposes.

In pots, 2 to 3 feet, each..............$2.00

**Cavendish.** Dwarf in habit; fruit yellow; small; in immense bunches.

**Orientum or Hart’s Choice.** Clear yellow, with unsurpassed fruity flavor.

**Sapientum or Orinoco.** Rapid and robust; large, dark green leaves; fruit large.

**CAROB TREE** (**Ceretonia silicata**)

The saccharine seed-pods are of value as food for horses, cattle and hogs. A fine tree for dry situations, doing exceptionally well in the southern part of this State. A fine avenue tree.

*Advance.* Very large; deep lemon-yellow; flesh firm, juicy, sweet. One of the best.

*Champagne.* A large midseason variety similar to Advance; bunches large and fruit sufficiently far apart in clusters to permit full development.

**Early Red.** Earliest variety grown; highly recommended for Southern California planting.

*Premier.* Fruit large, lemon-yellow; flesh melting, juicy and sweet; seeds small.

**GRAPEs**

Our stock of vines on their own roots, Phylloxera-Resistant roots and grafted on Phylloxera-Resistant roots, is very complete. Our vines are grown on new land, causing them to have a fine, vigorous root system.

The vines will be supplied as follows: 500 at the 1,000 rate, where this rate is quoted, in not less than any one variety; 50 at the 100 rate, in not less than 10 of a variety. In small lots of one or two of a kind, the 10 rate will apply, except in quantities of less than five vines, when the single rate will be charged.

<tr>
<td><strong>Buckland Sweetwater.</strong></td>
<td>A splendid English variety, exclusively grown for table use; bunch medium, compact; berries medium juicy; fine yellow skin when ripe.</td>
</tr>
<tr>
<td><strong>Black Monukka.</strong></td>
<td>A black seedless grape, similar in size and quality to the well-known Thompson Seedless. Bunches loose; berries deep black and of even size. Extra fine quality. Introduced from India.</td>
</tr>
<tr>
<td><strong>Damas Rose.</strong></td>
<td>(Grafted.) This is one of the finest of table grapes. Bunch large, rather compact; berries immense, an inch and over in diameter. When fully matured, deep coppery red in color. For home use this is a very superior grape and we can recommend it highly.</td>
</tr>
<tr>
<td><strong>Dronkane.</strong></td>
<td>As a late shipping grape this sort has qualities which will cause it to be in great demand in the interior valleys. Bunches are very large, berries are oval-shaped, compactly set on the clusters. Berries of a metallic red, very firm and highly flavored.</td>
</tr>
<tr>
<td><strong>Foster's Seeding.</strong></td>
<td>A strong-growing vine; bunches cylindrical; berries large, long, oval and of a beautiful golden amber color; flesh firm, juicy, sweet. A very attractive flavor distinct from other varieties. We regard this as one of the best sorts for home use.</td>
</tr>
<tr>
<td><strong>Gradiska.</strong></td>
<td>For home use this is a desirable variety. The bunches are large, heavily shouldered; berries large, greenish white and of excellent flavor. A fine trellis grape and a valuable dessert fruit.</td>
</tr>
</tbody>
</table>
**Trees, Shrubs, Evergreens, Palms, Roses**

21

*Gros Guillaume*. Among the grapes of recent introduction this of the black type is the show fruit of them all. Bunches are of medium size, but berries are as large as Damson Plums, with a coloring when used for table decoration that makes them look as if molded in wax. Flavor the very best. Ripe in early September, but keep well until the middle of October. Enormous producers. Vines should be cane-pruned. Suitable for trellising.

*Joannenc or Lignan*. Ripe with us July 1. Much earlier and a far better grape than the White Sweetwater. Bunch medium; berries compact, medium; flesh sweet and juicy; golden yellow when ripe.

*Maraville de Malaga*. It is no exaggeration to say that this grape has a coloring of red which is later modified with a bluish tint, which will make it an excellent market variety. Bunches long and loose; berries large, conical, oval. Ripe in September and will keep in the best of condition until the middle of October; flesh crisp and juicy.

*Ohanes d'Almeria*. Bunch above average. Berries are a beautiful golden color; fine flavor; good shipper. This variety is imported from Spain in cork dust. Nov.

*Olivette Blanche*. As this variety does not ripen until October, it is adapted only to warm climates. The grape is large, fully 2 inches long, never too close; berries long, olive-shaped, greenish amber, slightly brown on side exposed to sun; crisp, firm, with a neutral flavor. Vine very abundantly furnished with foliage and not only produces heavily, but is a vigorous grower. As a market grape and for trellising it is sure to take a prominent place.

*Olivette de Vendémián*. This grape bears a very close resemblance to the Almeria so extensively exported from Spain, packed in cork dust, with several important exceptions. Vine stronger grower; bunches and berries larger. In every way a better grape and somewhat earlier in ripening. Oct.

Roeing's Improved Thompson Seedless. This is a sport of the well-known Thompson Seedless. Berries are twice as large. The

vines is a very strong grower, but the canes are heavier and more closely jointed. The leaves are identical with the parent with the exception that they have much heavier texture. We have propagated this variety for several years and know it comes true to the type. It is worthy of a trial and we can recommend it particularly as an arbor grape.

**AMERICAN GRAPES**

Each 10 100

*Agawam. One of the best red varieties; large; pulp tender; sweet. Aug.

*Catawba. Coppery red, becoming purplish when well ripened; vinous and rich. Sept.

*Concord. Bunch and berry very large; blue-black; sweet, pulpy, tender. Aug.

*Isabella. Berries black; oval; juicy, sweet, with distinct musky flavor. An immense bearer and valuable market variety. Sept.

*Moore's Early. Very large; black, resembling Concord; ten days earlier. Aug.

*Niagara. Pale yellow; flesh tender, sweet; one of the best whites. Sept.

*Pierce. (Isabella Regia.) Of extraordinary size; exceedingly sweet. Cannot be surpassed by any of the American varieties. Late Sept.

*Worden. Bunch and berry large; black; compact; handsome; fine table grape. Aug.

*Campbell's Early. Extremely early. Bunch and berry large and glossy black, with blue bloom; very sweet and juicy. Aug.

## THE SMALL FRUITS

### LOGANBERRY
Fruit is 1½ inch long; dark red; as large as the largest blackberry and partakes of the flavor of both the blackberry and raspberry; excellent for table, eaten raw or stewed; makes a fine jelly or jam. Ripe in May.

| Each 10 100 1000 | Tips $0.15 $0.75 $5.00 $30.00 |

### MAMMOTH BLACKBERRY
Supposed to be a cross between the wild blackberry of California and the Crandall's Early. Deep red; enormously productive and exceedingly early; fruit enormous size.

| Each 10 100 1000 | Tips $0.15 $0.75 $5.00 $10.00 |

### HIMALAYA BLACKBERRY
Imported originally from the Himalaya Mountains. It is a remarkable grower, canes growing 40 feet in a single season; an enormous bearer, a good shipper; berry round; very few seeds and with almost no core. June to late fall.

| Each 10 100 | Price $0.20 $1.00 $5.00 |

### PHENOMENAL BERRY
Berries in clusters of from 5 to 10 and somewhat larger than the Loganberry, to which it has a close resemblance.

| Each 10 100 | Tips $0.20 $1.50 $5.00 |

### BLACKBERRY

| Each 10 100 1000 | 1 year $0.15 $0.75 $3.00 $25.00 |

- **Crandall Black.** Everbearing, large and fine. One of the best.
- **Erie.** Largest size; coal-black.
- **Evergreen.** Large; black; sweet. July to Nov.
- **Kittatinny.** Large; conical; juicy; sweet. Excellent.
- **Lawton.** Large; ripens late; very productive.

### DEWBERRY

| Each 10 100 1000 | Tips $0.15 $0.75 $3.00 $20.00 |

- **Gardener.** Large; glossy black; delicious; heavy bearer. Middle of May.
- **Lucretia.** Very large; glossy black; luscious. Dense foliage. May 1.

### RASPBERRY

| Each 10 100 1000 | 1 year $0.15 $0.75 $3.00 $25.00 |

- **Cuthbert.** Large; rich crimson; good shipper.
- **Cumberland.** Best of all; very productive of fine, large fruit.
- **Golden Queen.** Large; golden yellow; fine quality.
- **Gregg.** Standard blackcap; productive and hardy; seeds large; best shipper.
- **Hansell.** Bright crimson; productive; very early.
- **Souhegan.** One of the most valuable of the blacks; very large; early.

### NEW RASPBERRY

- **SUPERLATIVE.** New. Large; red; conical; a great improvement over all other varieties of raspberries. It is a continual bearer and is worthy of general cultivation.

| Each 10 100 | Tips $0.20 $1.50 $10.00 |

### CURRANTS

| Each 10 100 | 1 year $0.15 $1.00 $3.00 |

- **Cherry.** Very large; deep red.
- **Fay's Prolific.** Bright red; very sweet.
- **White Grape.** Large; yellowish white.
- **Crandall's Black.** Only variety which will ripen in the hot interior valleys; deep black; very large.
- **Perfection.** New. Large, bright red; rich subacid flavor; plenty of pulp and few seeds. Fully as large as Fay's and a very heavy bearer.

### GOOSEBERRIES

In the mountains, at an elevation of 3,000 feet, and anywhere in the coast regions, the gooseberry thrive and produces an abundance of fruit.

#### American Varieties

| Each 10 100 | 1 year $0.25 $2.00 $15.00 |

- **Downing.** Good size; whitish green; good.
- **Oregon Champion.** Very large; brownish red.
- **Smith's Improved.** Quite large; light green.

#### English Varieties

| Industry. Largest size; dark red. Each 10 | 1 year $0.25 $2.00 |

#### STRAWBERRIES

| 10 100 1000 | Price $0.25 $1.00 $8.00 |

- **Brandywine.** Large; roundish; conical; flesh firm; a valuable medium to late variety.
- **Jessie.** Large; handsome; roundish; conical; dark red; plant vigorous and productive.
- **Marshall.** Very large; dark rich crimson; quality good; firm.
VEGETABLES AND ESCULENT ROOTS

ASPARAGUS

Roots ........................................... $0.50 $1.50 $10.00
Conover's Colossal. A standard kind of first quality; tender and highly flavored.
Palmetto. A valuable variety, producing enormous and delicious sprouts.

ARTICHOKE

Globe. Plant presents a very tropical appearance and is therefore a valuable addition to any garden. Flower-buds should be cut off as soon as they are well formed and before the scales open, otherwise they are tallowing and tasteless. Never allow flowers to mature, as plants will dwindle down and die.

Jerusalem, Purple. An enormous cropper, producing from 15 to 30 tons to the acre.

JERUSALEM ARTICHOKE

Each 10 100

Price ........................................... $0.20 $1.50 $12.00

Tubers ........................................... $0.50 $2.00

5 lbs. 100 lbs.

RHUBARB

Myatt's Linnaeus. Large; early; tender and fine.

Burbank's Crimson Winter. Pale, greenish crimson; especially adapted to the long seasons of California.

Burbank's Giant Crimson Winter. A robust grower and prolific producer of mammoth stalks, three times the size of the older sorts. Neatly forms during the winter months; of fine flavor.

HOP ROOTS

Each 10 Male Female

Price ........................................... $0.20 $0.10 $0.75

HOME ORCHARD COLLECTIONS

Three collections selected by us as a guide in ordering a "Home Orchard"

In order to advance the planting of "Home Orchards" and to aid the planter in selecting the right kinds, also quantities of stock to meet his requirements, we have classified the following collections. Never allow flowers to mature, as plants will dwindle down and die.

We are often asked to assist in making selections of varieties and will, if you so desire, pick out for you the particular varieties best adapted to your soil and climatic conditions.

The prices as below are for stock at Fresno, Cal. This offer refers to stock in General Collection and does not include Special Varieties.

Fruit Collection No. 1, $5.25

27 Fruit Trees, your selection.

3 Apple ..........4 to 6 feet
2 Fig ..........4 to 6 feet
2 Crab ..........4 to 6 feet
2 Pear ..........4 to 6 feet
2 Cherry ..........4 to 6 feet
2 Plum ..........4 to 6 feet
2 Prune ..........4 to 6 feet
2 Apricot ..........4 to 6 feet
1 Quince ..........4 to 6 feet
1 Nectarine ..........4 to 6 feet
4 Peach, Free ..........4 to 6 feet
4 Peach, Cling ..........4 to 6 feet

Should any one item above not be desired it may be omitted, adding the quantity to any other variety above noted.

Fruit Collection No. 2, $10.35

48 Fruit Trees, your selection.

4 Apple ..........4 to 6 feet
2 Crab ..........4 to 6 feet
4 Pear ..........4 to 6 feet
4 Cherry ..........4 to 6 feet
4 Plum ..........4 to 6 feet
4 Apricot ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Free ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Cling ..........4 to 6 feet
2 Fig ..........4 to 6 feet

4 Apple ..........4 to 6 feet
2 Crab ..........4 to 6 feet
4 Pear ..........4 to 6 feet
4 Cherry ..........4 to 6 feet
4 Plum ..........4 to 6 feet
4 Apricot ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Free ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Cling ..........4 to 6 feet
2 Fig ..........4 to 6 feet

4 Apple ..........4 to 6 feet
2 Crab ..........4 to 6 feet
4 Pear ..........4 to 6 feet
4 Cherry ..........4 to 6 feet
4 Plum ..........4 to 6 feet
4 Apricot ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Free ..........4 to 6 feet
2 Quince ..........4 to 6 feet
4 Peach, Cling ..........4 to 6 feet
2 Fig ..........4 to 6 feet

Any one of the first twelve items of fruit trees in Collections No. 2 and No. 3 above may be omitted, the quantity added to any other of the twelve items referred to. Additional stock may be added at Catalog prices.

In ordering any of these collections, all that is necessary is to specify "Fruit Collection" No. 1, No. 2 or No. 3, as desired. Where remittances are sent with orders, enclose draft, check or money order.

ORNAMENTAL DEPARTMENT
LANDSCAPE SERVICE

We shall be pleased to be of service to any who contemplate beautifying their grounds. Get started early on your landscape problem. Write now, so that we may help you plan what to plant, when to plant and where to plant.

Landscape plans showing the proper locations for buildings, walks, drives, trees, shrubs, vines and flowers, with the names of each, together with planting list and estimates, are prepared. NO CHARGE is made for plans for small grounds. Send for our sketch plan cross-section blank. By filling it out and returning it to us, you will have supplied us with such information that we can offer you valuable suggestions for which there will be no charge.

INSTRUCTIONS. In forwarding data to us for small home lots, the location of the house, garage, walks and drives should be drawn out roughly to a scale of 10 feet to one inch. For larger places, 20 to 40 feet to an inch is a good scale. Always send photographs of buildings and grounds and mark on sketch points from which they are taken.

We are glad to offer suggestions without charge to our customers, but where landscape problems require special visits, detailed plans, and specifications, etc., a charge is made consistent with value of service rendered.

Our service covers special plans for

Space will not permit us to give more than a very brief description of ornamentals in this catalog. Further descriptions will be supplied upon request. We shall be pleased to quote special prices on larger grades of deciduous trees than those quoted in this list. Before shipping these large trees, we invariably cut them back to 10 feet and shorten in the side branches for the purpose of saving freight charges. When these trees are planted, cut them down to within 8 feet of the ground, shortening lateral branches, thinning out if too thick and cut away entirely to about 6 feet from the ground. To such customers as desire to purchase ornamentals in large quantities, we would esteem it a favor if they would send us a list of their requirements for special quotations.
DECIDUOUS TREES

ALBIZIA Julibrissin (Aesculus hippocastanum). A handsome avenue tree. Feathery foliage; pink, feathery flowers. Each 10
10 to 12 ft. $1.25 $10.00
8 to 10 ft. 1.00 8.00
6 to 8 ft. .80 6.00

ALDER, European (Alnus glutinosa). A rapid-growing tree, well adapted to moist situations. Each
6 to 8 ft. $0.75
4 to 6 ft. .50

ALMOND, Double White (Amygdalus Davidiana alba). First tree to bloom in the spring. Double white flowers appearing before the leaves.
Double Pink (A. Davidiana rubra). Red flowers; very double. Each 10
4 to 6 feet $0.50 $4.00

APRICOT, Japanese (Prunus Mume). A tree of dwarf habit, sending out long, pendulous branches. The small, double, rose-like flowers make their appearance in February before there is any sign of foliage. This tree is worthy of extensive cultivation. Varieties red and white. Each 10
6 to 8 ft. $0.60 $5.00
4 to 6 ft. .50 4.00

ASH (Fraxinus). Important forest trees; valuable for avenues and parks; forming tall, broad-headed trees. The wood is very valuable for the manufacture of carriages, tools, and for interior finish. Well adapted to California soils and climate. Each 10
8 to 10 ft. $1.00 $7.50
6 to 8 ft. .80 6.00

American White (Fraxinus Americana). Magnificent avenue tree with broad, round head and dense bluish-green foliage.

European (F. excelsior). Beautiful, rapid-growing tree with dark green leaves and black buds.

Flowering (F. Orms). Moderate grower, with white or pink flowers. Each 10
50 to 60 ft. $0.60 $12.00
80 to 100 ft. .50 10.00

BIRCH, European White (Betula alba). A rapid-growing tree with silvery white bark, and slender, drooping branches. Each 10
6 to 8 ft. $1.00 $7.50
4 to 6 ft. .75 6.00

Purple-leaved (B. alba atropurpurea). A striking variety; leaves purple above, and of a lustrous metallic hue underneath. Each 10
8 to 10 ft. 1.25
6 to 8 ft. .75

BIRD CHERRY (Cerasus padus). Wide-spreading tree with long racemes of white flowers in spring and bearing a small black fruit. Each 10
8 to 10 ft. $0.75 $6.00

BROUSSET NERIA Papyrifera (Paper Mulberry). A fine tree for city streets; of rapid growth and forming a compact head. Remarkable for its cylindrical catkins. Each 10
12 to 15 ft. $1.50 $15.00
10 to 12 ft. 1.25 10.00
6 to 8 ft. .90 7.50

Catalpa. Highly ornamental tree with large, bright green foliage and beautiful white flowers in showy panicles. Each 10
10 to 12 ft. $0.75 $6.00
8 to 10 ft. .60 5.00
6 to 8 ft. .50 4.00

Except Bungei.

Common (C. syringaefolia). A rapid-growing, spreading, irregular tree, with large, heart-shaped leaves; flowers fragrant, white and purple, hanging in clusters.

Japan (C. kampferi). Somewhat dwarf in habit, with glossy green leaves. Flowers crimson-colored, speckled with purple and yellow; very fragrant.

Western (C. speciosa). Rapid grower; most desirable where quick effects are desired.

Bungei. Forms a dense, round, umbrella-like head. Each 8 to 10 ft., fine heads. $2.00

CITRUS trifoliata (Trifoliate Orange). A small tree, armed with very strong, stiff thorns; fruit of golden yellow. Fine for hedges. Each 10
3 to 4 ft. $1.00 $7.50

COTTONWOOD (Populus Fremontii). Very rapid growing tree with a spreading head. A splendid tree for quick shade. Each 10
10 to 12 ft. $0.75 $6.00
8 to 10 ft. .60 5.00
6 to 8 ft. .50 4.00

HUNTINGDON ELM
See page 27
ELM (Ulmus). Stand in the first rank among American trees; grow rapidly; are long-lived, of very graceful spreading habit, and not over particular as to soil. Our trees are all budded or grafted, insuring uniformity of leaf form and habit, making them particularly desirable for avenues and for specimen planting. Each 10 $0.75 100 $1.00
15 to 18 ft. $1.25 $1.50
18 to 21 ft. $1.50 $2.00
21 to 24 ft. $2.00 $2.50
24 to 27 ft. $2.50 $3.00
27 to 30 ft. $3.00 $3.50
30 to 36 ft. $3.50 $5.00
American White (Ulmus Americana). A magnificent large tree, with drooping, spreading branches. One of the grandest of our native forest trees; requires moist soils.
Clemmoni. Of moderate growth, with narrow, pyramidal head. A very popular avenue tree.
Cork Bark (U. suberosa). Very desirable for streets and avenues; young branches very corky.
English or French (U. campestris). An erect tree of rapid, compact growth, with dark green foliage. Very extensively used for avenue planting.
Golden English (U. campestris aurea). Foliage of a uniform bronze gold color.
Huntingdon (U. scabra vegeta). Very erect habit; dark green; one of the finest specimen and avenue trees.
Monumental (U. campestris monumen-talis). Dwarf variety, forming a straight and dense column.
Nettle-leaved (U. montana scabra crispia). Dwarf growing, with long, undulating leaves.
Purple-leaved (U. scabra atropurpurea). Leaves rich purple when young, changing to dark green when older.
Variegated (U. campestris variegata). Large leaves, spotted with silver.

EMPRESS TREE (Paulownia imperialis). A rapid-growing, tropical-looking tree, with enormous round leaves and large clusters of purple flowers in spring. Each 10 $1.25 $1.00
10 to 12 ft. $1.50 $1.00
FALSE WALNUT (Pterocarya fraxinifolia). A graceful shade tree, with spreading branches and compound foliage. Fruit light green, in pendulous clusters, 12 to 15 inches long. Each 10 $1.25 $1.00
8 to 10 ft. $1.50 $1.00
6 to 8 ft. $1.00 $0.80
FRINGE TREE (Chionanthus virginica). A small tree with dark green foliage and loose panicles of pure white flowers in April. Each 2 to 3 ft. $0.75
HACKBERRY (Celtis). Nettle Tree. Valuable as shade trees, or as single specimens for a lawn. Wood is light and elastic. Foliage resembles the nettle leaf. Each 10 $0.75 $0.60
8 to 10 ft. $1.00 $0.80
American (C. occidentalis). A tree of large growth, with numerous slender branches, and apple-like foliage.
European (C. australis). A valuable ornamental tree of rare beauty; adapted to many soils and climatic conditions.
HONEY LOCUST, Common (Gleditschta tri-anthos). Very ornamental tree, with pinate, glossy green foliage; greenish flowers and striking bean-like pods in fall. Each 10 $0.75 $0.60
10 to 12 ft. $0.75 $0.60
Japonica (Gleditschta japonica). A medium-sized tree with very large, finely divided leaves. Each 10 $0.75 $0.60
4 to 6 ft. $0.75 $0.60
6 to 8 ft. $0.80 $0.60

Rose-Flowering Locust

Triacanthos inermis (Thornless). Very similar to the common variety, but not as strong a grower and entirely without thorns. Each 10 $0.75 $0.60
4 to 6 ft. $1.00 $0.80
3 to 4 ft. $1.50 $1.00
HOP TREE (Ptelea trifoliata). A small tree, with short, spreading branches and glossy green foliage. Flowers small, greenish white; followed in the fall by waffer-like fruits. Each 10 $0.75 $0.60
6 to 8 ft. $1.00 $0.80
4 to 6 ft. $0.80 $0.60
JUDAS TREE (Cercis). Stirring ornamental trees loaded with a mass of pea-shaped, pink blossoms in early spring, before the leaves appear. Each 10 $0.75 $0.60
6 to 8 ft. $1.00 $0.80
4 to 6 ft. $0.80 $0.60
American (C. canadensis). Medium height; flowers rose pink.
European (C. silquastrum). Spreading crown and purplish pink flowers.
Red-Flowering (C. silquastrum carneum). Flowers red.

KENTUCKY COFFEE TREE (Gymnocladus canadenisis). An ornamental, hardy tree with rough bark, blunt, cane-like branches and bright yellow, fragrant flowers. Each 10 $0.75 $0.60
6 to 8 ft. $0.90 $0.75
KOLREUTERIA, Paniculata (Varnish Tree). Small tree; glossy divided foliage; yellow flowers. Fine for lawns. Each 10 $0.80 $0.60
6 to 8 ft. $0.90 $0.75
LINDEN, American (Tilia americana). Basswood. Shapely trees, with large, handsome foliage. Flowers creamy white and very fragrant. Each 10 $0.75 $0.60
6 to 8 ft. $1.00 $0.80
European (T. europoena). Pyramidal tree, with symmetrical crown; leaves bright green, heart-shaped. Each 10 $0.75 $0.60
4 to 6 ft. $1.25 $0.80
ROEDING & WOOD NURSERY CO., LOS ANGELES, CAL.

BALM OF GILEAD POPLAR
See page 29

LOCUST (Robinia). Adapt themselves to almost any soil conditions. Wood of the larger growing varieties is very hard and durable; valuable for posts and railroad ties. Varieties bloom from early spring till summer.

Except Rose-Flowering.

Black (Robinia pseudacacia). A good timber tree of very rapid growth. Flowers white.

Pink-Flowering (R. decaisneana). A vigorous struggling grower with pink flowers; very ornamental.

Semperflorens. Medium-growing variety, producing an abundance of white flowers all summer.

Thornless (R. irticis). Of medium growth, with large, dark green leaves; thornless.

Umbrella (R. bessoniana). The most ornamental locust, with compact, round head, making a fine shade tree; nearly thornless.

Rose-Flowering (R. hispida). Dwarf-growing, bristling branches; beautiful rose-colored flowers appearing all summer. Extra fine for ornamentation among shrubbery.

MAGNOLIA.

Except Reitenbach and Schwedler's Purple. See Special Price.

Ash-Leaved or Box Elder (Acer negundo). A fine, rapid-growing avenue tree; withstands both cold and drought.

California or Large-Leaved (A. macrophyllum). A strong-growing native tree; adapts itself to almost any location.

English (A. campestris). Stocky tree of compact habit with rough corky bark. A good variety for the interior.

Montpellier (A. monspessulanum). A handsome small tree, with rounded head, thriving in poor, dry soils.

Norway (A. platanoides). Large and handsome; deep green foliage and compact growth. A valuable tree for interior valleys.

Silver or Soft (A. dasycarpon). A large tree of rapid growth; foliage bright green above, silvery beneath. A favorite for streets and parks; grows well in interior valleys.

Sugar (A. saccharum). A fine shade tree; valuable for production of sugar and timber. Not suited to hot climates.

Sycamore (A. pseudo-platanus). A rapid, upright growing tree, with bright green foliage. Fine for streets and avenues, doing well in this valley.

Reitenbach's Purple (A. platanoides Reitenbach). Purplish green foliage.

Except Persian. See Special Price.

Lick's American (M. rubra). Fruit large, black and of exquisite flavor; tree a strong, thrifty grower.

Multicaulis (Chinese). Widely planted for fruit culture.

New American (M. rubra). A vigorous grower, with fine, large leaves and producing large, black fruit.
Russian (M. tatarica). Of spreading habit and rapid growth. Valuable for timber.

White (M. alba). Medium-sized, glossy green foliage; fruit small, pale white.

Persian or English (M. nigra). A slow-growing variety, producing large and fine fruit, equal in size to the Mammoth Blackberry; very productive. Each 10 4 to 6 ft. $6.00

OAK (Quercus). Noted for their longevity; varieties range from stately trees having a spread of 100 feet to small shrubs. The value of the wood for furniture, flooring and other uses is well known.

Each $0.60

Red American (Q. rubra). Of large size and rapid growth. A splendid specimen or avenue tree.

Pyramidal (Q. pedunculata fastigiata). A handsome tree, with erect, pyramidal branches and deep, dark green foliage.

Scarlet (Q. cocinea). A rapid-growing, pyramidal tree; beautiful in the autumn, when the foliage changes to a bright scarlet.

Turkey (Q. cerris). A rapid, symmetrical grower; short, spreading branches, forming a broad, pyramidal head.

Valley or Weeping (Q. lobata). One of the great trees of California, with wide-spreading and slender, drooping branches.

PAGODA TREE (Sophora japonica). A rare tree with dark green, compound leaves and creamy yellow, pea-shaped flowers.

Each 10

8 to 10 ft. $1.00
8 to 5 ft. $0.75
4 to 6 ft. $0.50
3 to 4 ft. $0.25

PARASOL TREE (Sterculia planifoliata). A splendid, thrifty tree with large, maple-like leaves and greenish-white flowers, followed by curious pod-like fruits. A fine street or lawn tree.

Each 10

4 to 6 ft. $0.75
3 to 4 ft. $0.50

PEACH, Flowering (Persica). They blossom in April, and the branches are covered with a mass of beautiful colored flowers, long before the leaves appear. Each 10

4 to 6 ft. $0.50
3 to 4 ft. $0.25

Blood-Leafed (P. vulgaris purpurea). Foliage of a deep, blood-red color.

Double Red-Flowered (P. vulgaris sanguinea plena). Flowers semi-double, bright red, superb.

Double Rose-Fringed (P. vulgaris rosea plena). Flowers double, fringed and rose-colored.

Double White (P. vulgaris alba plena). Flowers large, double, pure white.

PLUM (Prunus). Medium-sized trees, used very effectively in grouping with other trees and shrubs.

Purple-Leaved (P. pissardi). Wood and leaves dark purple. Each 10

4 to 6 ft. $0.40

Spinosa (Blackthorn). A shrub or small tree of spreading growth; flowers small, white; fruit deep blue. Very ornamental. Each 10

4 to 6 ft. $0.60
3 to 4 ft. $0.50

Vesuvius (New Foliage Plum). A foliage tree like the Purple-Leaved Plum, but vastly superior in growth and in the size and

beautifu l tints of the foliage, which is of a rich, metallic crimson color, with a crumpled surface like a Coleus. A splendid ornamental tree with edible purple fruit. Each 10

4 to 6 ft. $10.00

POPLAR (Populus). Very rapid growing trees, thriving in a great variety of soil conditions. Fine for windbreaks and shade.

Each 10

4 to 6 ft. $1.25
10 to 15 ft. $0.75
15 to 20 ft. $0.50

/service tree (Sorbus domestica). A round-headed tree, with white flowers and orange-red fruits. Each 10

4 to 6 ft. $0.75

SIBERIAN PEAC TREE (Caragana arborescens). Very ornamental; yellow, pea-like flowers. Each 10

4 to 6 ft. $0.75

European Sycamore
See page 30
SWEET GUM TREE (Liquidamber styraciflua). Glossy green, star-shaped foliage, changing to bright red in autumn.

Double Scarlet (Crataegus monogyna Paul). Small tree, with spreading branches. Flowers of a deep crimson.

Double White (C. monogyna alba plena). Small, double, white flowers and lustrous green leaves.

English Hawthorn (C. monogyna). Small tree with spreading, spiny branches; flowers single, white; fruit scarlet.

Single Pink Thorn (C. monogyna punicae). Flowers in clusters, single, varying in color from pink to rose.

The weeping trees stand in a class by themselves and are particularly effective when used as specimens on a lawn or when grouped along the outer edges of larger-growing trees. They are budded or grafted on straight stems of the same species at a height of 6 to 8 feet from the ground.

**TEXAS UMBRELLA**

**TULIP** (Liriodendron tulipifera). Has light green, glossy, fiddle-shaped leaves and greenish-yellow, tulip-shaped flowers.

</table>
MULBERRY, Teas Weeping (Morus alba Tatarica pendula). One of the most graceful and vigorous weeping trees; the slender branches drooping parallel to the trunk. Each 10
6 to 8 ft. $1.50 $12.50

POPLAR, Tooth-Leaved Weeping (Populus grandidentata pendula). A rapid grower, with slender, drooping branches and dark green, serrated leaves. Each 10
6 to 8 ft. $1.50 $10.00

SOPHORA, Weeping (Sophora Japonica pendula). Regular and graceful habit; leaves deep, dark glossy green. Each 10
6 to 8 ft. $1.50 $10.00

THORN, Weeping (Crataegus monogyna pendula rosea). A pretty, drooping tree with pink flowers. Each 6 to 8 ft. $1.50

WALNUT (Juglans regia pendula). This is one of the most beautiful of the weeping trees. It is grafted on California Black Walnut 6 feet from the ground. In addition to its beauty as an ornamental tree, it produces very fine, large, thin-shelled English Walnuts. Each 10
6 to 8 ft. $2.50 $17.50

WILLOW (Salix). Most rapidly growing weeping tree, particularly adapted to moist locations.

Baron de Solomon. The most rapid grower of all Weeping Willows. Very recent introduction. Each 10
6 to 8 ft. $1.00

Common (Salix Babylonica). The well-known Weeping Willow. Each 10
8 to 10 ft. $1.00 $8.00
6 to 8 ft. $.75 6.00

ALTHEA, or Rose of Sharon (Hibiscus syriacus). Of the easiest cultivation and with large, delicately hued, bell-shaped flowers appearing very profusely during the summer months. Each 10
4 to 5 ft. $0.40 $3.00

APPLE, Flowering Crab (Pyrus). Low-growing trees, admirable for lawn or lending itself to a shrubbery. Each 10
4 to 6 ft. $0.50 $4.00
3 to 4 ft. $.40 $.30

Spectabilis alba flore pleno. Double white.
Spectabilis rosea flore pleno. Double rose.

ARALIA, Japonica (Chinese Angelica Tree). Resembles Aralia Spinosa, but much harder. Each 10
6 to 8 ft. $0.75 $6.00
4 to 6 ft. $.60 $.50

Spinosa (Bifurcule's Club). A fine native variety, with large, doubly and triply pinnated leaves and large clusters of flowers. Each 10
6 to 8 ft. $1.00 $7.50
4 to 6 ft. $.75 $.60

BARBERRY. Each 10
4 to 6 ft. $.50 $.50
3 to 4 ft. $.40 $.40
2 to 3 ft. $.30 $.30

BUCKTHORN (Rhamnus catharticus). A fine, very robust shrub, with large, dull green, rough foliage; blooms in April, succeeded by numerous small fruits. Each 10
6 to 8 ft. $0.90 $9.00
4 to 6 ft. $.50 $.50

CHAMAECERASUS alberti (Upright Honey-suckle). A small, upright bush, with narrow leaves, glossy branches, and fragrant pink flowers. Each 10
1 to 2 ft. $.40 $.40

CHERRY, Flowering (Cerasus). Nothing exceeds the beauty of these spring blooming deciduous trees. They are more talked of in Japan than any other tree which grows there.

COTTONWOOD, Upright (Populus deltoides). Each 10
4 to 5 ft. $0.50 $4.00

Deep Double Pink. Single Double Pink.

COLUTEA Arborescens (Bladder Senna). Has yellow pea-blossomed flowers in June, followed by reddish pods. Each 3 to 4 ft. $.50

CORCHORUS, Japanese rose (Kerria Japonica). Double rose-like flowers of the deepest yellow. Each 10
4 to 6 ft. $0.50 $4.00

CORYLOPSIS splicata (Flowering Hazel). An attractive shrub; handsome foliage; showy, bright yellow, fragrant flowers. Each Pots, 2 to 3 ft. $.75

GRAPE MYRTLE. Strong-growing shrubs, flowers in large panicles, appearing all summer. Each 10
3 to 4 ft. $0.60 $6.00

EXCEPT WHITE
Pink (Lagerstroemia Indica rosa). Flowers pink; very free bloomer.

DECIDUOUS SHRUBS

New American (S. Babylonica dolorosa). Large, glossy leaves and very pendulous habit. Each 10
12 to 15 ft. $1.25 $10.00
10 to 12 ft. $.80 7.00
8 to 10 ft. $.70 6.00
6 to 8 ft. $.60 5.00
HYDRANGEA Hortensia

DEUTZIA. A very attractive, free-flowering shrub, with long flower racemes.

Crenata candidissima (Double White). Flowers double; pure white.

Gracilis Rosea. Dwarf; flowers light rose.

Scabria (Rough-leaved). Flowers white; bell-shaped.

DOGWOOD, Red Osier (Cornus sanguinea). Purplish branches and greenish white flowers, followed by small, black berries. Each 4 to 6 ft. $0.50 3 to 4 ft. $0.40

ELDER (Sambucus). Each 10 6 to 8 ft. $0.75 4 to 6 ft. $0.60

European (S. nigra). Flowers produced in clusters.

SILVER VARIEGATED (S. nigra argentea). Leaves edged silvery white.

ERYTHRINA crista-galli (Coral Plant). The flowers are bright brilliant crimson color, like immense peas. Flowers profuse from early spring till late in fall. A grand flowering shrub. Each 10 Strong roots $0.50 10 $4.00

EUONYMUS Europaeus (Strawberry or Spindle Tree). A small tree or shrub bearing medium-sized, scarlet berries. Each 10 6 to 8 ft. $0.60 6 $5.00

FORSYTHIA (Golden Bell). Each 10 4 to 6 ft. $0.60 3 to 4 ft. $0.50

Supersas (Drooping Golden Bell). Foliage deep green; flowers bright yellow; branches slender, drooping.

Supersas Fortunei (Fortune's Golden Bell). Similar to the preceding, but of more vigorous, upright growth.

Wiridissima. An upright grower with narrow, dark green leaves and golden yellow flowers.

HALESIA diptera (Silver Bell). Leaves bright green; pure white, bell-shaped flowers. Each 3 to 4 ft. $0.50

HYDRANGEA. There is nothing so effective as the Hydrangea for grouping. Their luxuriant foliage and rich, delicate flower globes render them very attractive. The prices of the following plants are regulated by the number of branches rather than by their height.

Avalanche. Large heads of pure white flowers. Each Potted, 12 to 15 inches $0.75

Bouquet Rose. Flowers rosy pink. Each in boxes, 12 to 15 inches $0.75

Hortensia. Has large, dark green leaves and globular heads of rose-colored flowers. Each 8 in boxes, 12 to 18 inches $0.75

Madam Renault. One of the new varieties. Blooms large; carmine rose color. Each 10 12 to 18 inches $1.00 $1.50

Mile. Agnes Barrile. Larger bloom than Thos. Hogg, strong grower, blooms creamy white. Each 12 to 18 inches $0.75

Otakera (Giant-Flowered). Immense heads of a pleasing shade of pink; heads 12 to 15 inches in diameter not uncommon. Each 10 8 in boxes, 12 to 18 inches $1.00 $1.50

Thomas Hogg. One of the hardiest; flowers pure white; profuse bloomer. Each 10 Potted, 6 to 12 inches $0.75 $1.00

Paniculata grandiflora. Immense heads, cream-colored in bud; pure white changing to pink and bronze with age. Each 10 Potted, 12 to 18 inches $0.40 $0.50

LEMON VERBENA (Lippia citriodora). The old-fashioned favorite shrub, with long, narrow pointed leaves, which emit a delightful fragrance. Each 10 4 to 6 ft. $0.50 3 to 4 ft. $0.40

Ligustrum (Privet). Fine, rapid-growing shrubs; good for hedges, or for training as specimens. Each 10 4 to 6 ft. $0.50 2 to 3 ft. $0.30

California (Ovalifolium). A pyramidal shrub with bright green, narrow leaves; producing white flowers in June. Each 10

Ciliatum. Dwarf, dense shrub, with short, rigid branches; leaves dense, glossy, dark green, leathery; flowers white, in erect, compact clusters.

Ciliatum variegatum. Similar to the preceding except that the leaves have a yellowish variegation, pink when young.

Lilac. Each 10 2 to 4 ft. $0.50 2 to 3 ft. $0.40

Common Purple (Syringa vulgaris). An old favorite; very fragrant.

Common White (S. alba). Similar to preceding with white flowers.

GRAFTED AND BUDDED VARIETIES

Alba. Creamy white, single.

Charles Joly. Reddish purple, double.

Charles Joly. Reddish purple, double.

Persica Lacinata. Pale lilac, cut-leaved.

MOCK ORANGE (Philadelphus). Very vigorous shrubs with handsome foliage; flowers white, with orange-blossom fragrance. Each 10 4 to 6 ft. $0.50 $1.00

Coronarius (Garland Mock Orange). Flowers pure white, delightful orange-blossom fragrance; one of first to bloom.

Grandiflorus (Large-Flowered). Slender, twiggy plant, with fragrant flowers.

Inodorus (Scentless). Spreading branches, browned with orange bark; flowers very large, white, scentless.
**POINCIANA** Gilifieii (Bird of Paradise). Adapts itself to the poorest soils. Flowers light yellow, pea-shaped, 2 inches long, with brilliant, protruding, red stamens, appearing all summer. Each 1½ to 2 ft. $0.40

**POMEGRANATE** (Punica). These fine shrubs do particularly well in California; flowers are very double and appear all through the season, followed by brilliant, showy fruits. *Except Dwarf Varieties. See Price.*

**FLOWERING QUINCE**
SUMACH (Rhus). Few shrubs are more picturesque. Their beauty lies in the gorgeousness of their foliage. Each 8 to 10 ft. $0.75 6 to 8 ft. .50
Glabra laciniosa (Cut-leaved). Leaves very large, deeply cut, and turning to a rich red in autumn. Each 4 to 6 ft. $0.75 3 to 4 ft. .60

TAMARIX (Tamarisk). Elegant, fine-flowering and handsome foliage plant; thrives in all soils. One of the best plants for subduing shifting sands. Each 10 6 to 8 ft. $0.75 6.00 4 to 6 ft. .60
Gallica (French Tamarisk). Foliage exceedingly fine and feathery; flowers pink, small, very numerous. Each 10
Germanica (German Tamarisk). Compact growth; leaves bluish green, minute; flowers light pink. Each 10
Tamarix Hispida (T. Kashgarica). New. Very vigorous, upright grower; leaves bluish green; flowers bright carmine red.

TREE PEONY (Paeonia moutan). Introduced from Japan. The flowers are enormous in size, numerous and gorgeous in color. Blooms in April. Each in pots $2.00

VITEX agnus castus (Chaste Tree). A small tree with palmate leaves, scented like lavender. Pale lilac flowers. Each 10 6 to 8 ft. $0.75 5.00 4 to 6 ft. .50 4.00

WIEGELA (Diervilia). Hardy, ornamental shrubs, from Japan; bloom after lilacs. Each 10 4 to 6 ft. $0.75 5.00 3 to 4 ft. .60 5.00
Kosteriana nana variegata (Variegated-leaved Dwarf). Leaves beautifully variegated silvery white; flowers nearly white. Each 10
XANTHOCERAS sorbifolia (Chinese Flowering Chestnut). Leaves pinnate; flowers white. Each 10 4 to 6 ft. $0.75 3 to 4 ft. .60

EVERGREEN TREES

We invite inspection of our evergreen stocks, as it often happens we have an assortment of large sizes in specimen plants on which it is difficult to make quotations in this list.

This list includes trees that do not shed all their foliage at one time, thereby remaining green after deciduous trees are bare.

All stock quoted in tubs, cement pots and boxes are specimens which have been well established in their containers.

ACACIAS

Although there are some 400 species of Acacia, we have confined ourselves to varieties of well-known merit, the uses of which are enumerated below. The Acacia finds the most favorable conditions to its development in California.

Armata (Kangaroo Thorn). A spreading shrub, with yellow flowers; excellent for grouping. Each 10
Potted, 4 to 5 ft. $1.25 4.00 3 to 4 ft. .75 3.50

Baileyana. A fine specimen or avenue tree; blooms earliest of all; lemon-yellow flowers. One of the hardiest. Each 10
Potted, 6 to 7 ft. $1.25 10.00 5 to 6 ft. 1.00 7.50 4 to 5 ft. .75 6.00 3 to 4 ft. .50 5.00

Special prices on application on specimen boxed plants, larger than listed above.

ARBOVITAE (T. orientalis aurea). An elegant variety, regular habit; foliage beautifully tinged with gold in the spring.

Weeping (T. filiformis pendula). Weeping variety, with pendulous, thread-like branches; foliage light yellowish green.
ROEDING & WOOD NURSERY CO., LOS ANGELES, CAL.

**BRACHYCHITON**

**Victorian Bottle Tree**

**BRACHYCHITON** (Sternula acerifolia). Flame Tree. Of pyramidal habit, with large, light green, deeply lobed, maple-like leaves. This is a very popular and desirable tree for street and lawn planting. Not very hardy. Each

- Boxed, 4 to 5 ft. $1.00
- Boxed, 3 to 4 ft. $0.75

**Diversifolia** (Victorian Bottle Tree). A magnificent avenue tree with graceful, tapering trunk. Foliage bright, glossy green, deeply lobed; shape changes throughout the season. Each

- Potted, 4 to 5 ft. $1.00
- Potted, 3 to 4 ft. $0.75

**Populneum** (Poplar-Leaved). Similar to preceding; leaves poplar-shaped. Each

- Boxed, 15 to 18 ft. $5.00
- Boxed, 12 to 15 ft. $4.00
- Bare Roots, 5 to 6 ft. $1.50
- 6-inch box, 3 to 4 ft. $1.25
- 6-inch box, 2 to 3 ft. $1.00

**CALIFORNIA BIG TREE** (Sequoia gigantea). A magnificent park, avenue or specimen tree, of pyramidal form; lower branches sweeping the ground. Foliage bluish green, completely covering the branches. This is the "Big Tree of California." Each

- Ballad, 5 to 6 ft. $4.00
- Ballad, 4 to 5 ft. $3.00
- Ballad, 3 to 4 ft. $2.50
- Ballad, 2 to 3 ft. $2.00

**CALIFORNIA LAUREL** or Bay Tree (Umbellularia). A very rapid-growing tree, with glossy, oblong leaves and foliage emitting an agreeable perfume. Each

- Boxed, 3 to 4 ft. $2.50
- Boxed, 2 to 3 ft. $2.00
- Boxed, 1½ to 2 ft. $1.25
- Potted, 8 to 12 in. $0.75

**CALIFORNIA REDWOOD** (Sequoia sempervirens). A valuable ornamental tree of rapid growth and of a tapering pyramidal habit. Leaves dark green with two pale bands beneath. The seed-cones, measuring 1 inch or less in length, are borne on long, drooping stems. Timber world famous. Each

- Boxed, 8 to 10 ft. $7.00
- Boxed, 7 to 8 ft. $6.00
- Boxed, 5 to 6 ft. $2.50
- Boxed, 4 to 5 ft. $2.00
- Boxed, 3 to 4 ft. $1.25
- Boxed, 2 to 3 ft. $1.00
- Potted, 2 to 3 ft. $0.75
- Potted, 1½ to 2 ft. $0.50
- Potted, 1½ ft. $0.30

**CALITRIS, AUSTRALIS.** Resembles our native Red Cedar. Conical in form and very dense habit. Desirable as a specimen tree. Each

- Potted, 8 to 12 inches $1.00

**CAMPHOR TREE** (Camphora officinalis). A most symmetrical ornamental tree, thriving in pots and boxes. Foliage bright green. We do not consider it adapted for lawn, street and avenue planting. Each

- 8-inch box, 6 to 7 ft. $1.50
- 6-inch box, 5 to 6 ft. $1.25
- Potted, 4 to 5 ft. $1.00
- Potted, 3 to 4 ft. $0.75
- Potted, 2 to 3 ft. $0.50

**CASUARINA** (The Beechwoods). Native of Australia; extremely hard, of reddish color, hence the name. A valuable tree for the coast as well as for the interior. Fine for avenues and hedges. Requires heavy pruning. Each

- 8-inch box, 6 to 7 ft. $1.25
- 8-inch box, 5 to 6 ft. $1.00
- Potted, 2 to 3 ft. $0.50
- Potted, 1½ ft. $0.30

**Equisetifolia** (She Oak). Of very rapid growth, with drooping branches and dark green, needle-like leaves. Each

**Stricta** (C. quadrivalvis). Is of more erect habit than the preceding, but does not grow so tall.

**CEDAR** (Cedrus). Of majestic habit; valuable for planting grounds or avenues, where shade is not an object. Will succeed all over California. Each

- Tubs and boxes, 10 to 12 ft. $8.00
- Tubs and boxes, 8 to 10 ft. $7.00
- Tubs and boxes, 6 to 8 ft. $6.00
- Tubs and boxes, 5 to 6 ft. $5.00
- Ballad, 5 to 6 ft. $5.00
- Ballad, 4 to 5 ft. $4.00
- Ballad, 3 to 4 ft. $2.00
- Ballad, 2 to 3 ft. $1.50

Note prices on Rare Varieties.

**Atlantica** (Mt. Atlas Cedar). A handsome pyramidal tree; silvery green foliage; branches have an upright tendency.

**Atlantica glauca** (Mt. Atlas Silver Cedar). Similar to preceding, irregular struggling when young, later becoming symmetrical. A striking and most beautiful tree.

**Deodara** (Himalayan, or Indian Cedar). Exceedingly handsome; drooping branches and very heavy, dark blue foliage; very valuable. The most rapid-growing of all cedars.

**Deodara verticillata glauca** (Blue Cedar). Very picturesque; branches rather irregular and clothed with silvery blue foliage; very distinct.

**Libani** (Cedar of Lebanon). Vigorous, compact growth; foliage dark green.

Potted, 2 to 3 ft. 40 3.00
6-inch box, 4 to 5 ft. 75 6.00
6-inch box, 3 to 4 ft. 60 5.00
Macrocarpa transplanted in flats, 10 to 12 in. $2.50 per 100; $20.00 per 1,000.

Note prices on Rare Varieties.

Arizonica (Arizona Cypress). Rare, slender, pyramidal; foliage pale, glaucous green, brown in winter.
Funebris (Funeral Cypress). A noble tree, with wide, drooping branches.

Goviniana (Govin’s Cypress). Of erect growth, forming a handsome crown.
Knightiana. Rapid grower; foliage glaucous green.
Lambertiana Lutea. Spreading branches, foliage yellow.
Lawsoniana (Lawson Cypress). Graceful and conspicuous; branches horizontal, slightly pendulous; foliage dark green. Fine for grouping or single specimen.
Lusitanica. Of spreading habit, with pendulous branchlets; leaves glaucous.
Macrocarpa Guadalupensis (Blue Cypress). Branches spreading; foliage silvery blue; fine for grouping.
Macrocarpa (Monterey). One of California’s famous trees; foliage grayish green; desirable for hedges.
Sempervirens fastigiata (Italian Cypress). Tall, tapering; branches erect, growing parallel with trunk; branches frond-like; leaves smooth, deep green.

RARE VARIETIES, LAWSON TYPES

Each
Bailed, 3 to 4 ft. $1.50 $12.50
Bailed, 2 to 3 ft. 1.25 10.00
4-inch box, 2 to 3 ft. 1.25

LAWSON CYPRESS
See page 37

EUCALYPTUS
(The Gum Tree)
The tree is a native of Australia and serves a variety of purposes—for example, it is often planted in damp, swamp places, where it acts as a sort of drain, absorbing excess moisture and frequently improving an otherwise malarial locality. The ornamental value of the Eucalyptus is considerable; its merits should not be overlooked.

All varieties planted in flats contain about 100 plants to the flat. As it is necessary to cut the flat in case a smaller quantity is ordered, part flats will be charged at 1½ cents per tree higher than the hundred rate.

Note prices on Rare Varieties.

Corynocalyx. Beautiful, upright grower; distinct, bright, shiny leaves; timber very durable. A graceful avenue tree.

Crebra (Narrow-Leaved Iron Bark). Extremely hardy; stands great extremes of heat. Wood hard, elastic; very heavy.

Globulus (Blue Gum). Broad, bluish leaves when young. More extensively planted than any other variety; wood when polished resembles hickory. Valuable for wagon work, bridges, tool-handles, and as firewood.

Polyanthema (Red Box). A fine avenue tree; leaves round, silvery; a late bloomer, not subject to drought and cold.

Robusta (Swamp Mahogany). Well adapted to low ground; foliage deep, glossy green; immense clusters of white flowers in fall and winter; desirable for beekeepers.

Rostrata (Red Gum). Remarkably rapid grower. Wood takes a handsome finish and is desirable for interiors. Called "Red Mahogany." Valuable for ties, fence posts, etc.

Rudis. An excellent avenue tree, of very rapid growth, and withstands both heat and cold. Wood hard and close-grained.

Tereticornis (Forest Red Gum). Fully as rapid a grower as the Rostrata; timber somewhat more durable.

Viminalis (Manna Gum). Very hardy; of rapid growth; fine avenue tree, with long, graceful, festoon-like branches.

RETINOSPORA Ericoides (Japanese Cypress). Dwarf; foliage bright green above, glaucous beneath; ruddy in winter.

Cement pots, 2 to 3 ft. $2.00
Balled, 2 to 3 ft. 1.25
Balled, 1½ to 2 ft. 1.00

SCIADOPITYS Verticillata (Umbrella Pine). Branches in regular whorls; leaves deep green, lustrous. A fine lawn tree; not adapted to the interior valley; does well on the coast.

Cement pots, 2 to 3 ft. $2.00
Potted, 2 to 3 ft. 1.25

SPRUCEs AND FIRs (Abies)

In habit of growth the Spruces are very similar to the Firs, but the branches stand out from the main stem more horizontally, and not so closely together. Distinguished from the Firs mainly by their drooping cones and linear, flat leaves on the upper side of the branches; the Firs have their needles short and scattered all around the branches.

Each
Boxed, 3 to 4 ft. $4.00
Boxed, 2 to 3 ft. 3.00
6-inch boxes, 2 to 3 ft. 2.00
5-inch boxes, 1½ to 2 ft. 1.50

Balled, 2 to 3 ft. 2.50
Balled, 1½ to 2 ft. 1.50
Potted, 1 to 1½ ft. 1.00

Note Rare Varieties.

Alba (White Spruce). Foliage silvery gray; strong aromatic odor when bruised.

Douglasii (Douglas Spruce). A rapid-growing native tree of symmetrical habit.

Excelsa (Norway Spruce). A lofty, rapid grower; branches of graceful, drooping habit; very hardy.

Firma (Japanese Fir). Stately tree of rapid growth. Branches stout and flexible.

Menziesii (Sitka Spruce). Similar to White Spruce; foliage rich blue or sage color.

Nordmanniana (Nordmann's Silver Fir). Very symmetrical; foliage massive, dark green, glossy above, slightly glaucous below. Does well in the interior valleys.

Pectinata (European Fir). A noble tree; spreading branches; broad, silvery foliage.

Pinsapo (Spanish Silver Fir). Very regular and symmetrical in habit; leaves bright green above, silvery beneath; adapted to warm climates.

Pungens Glauca (Colorado Spruce). Branches in regular whorls, gradually receding top to top, and forming a conical outline. Leaves vary from green to silvery white. Thrives in dry climates.

Pungens Glauca Kosteriana (Colorado Blue Spruce). A most desirable for garden or lawn; foliage silvery blue.

Each
14-inch box, 2 to 3 ft. $3.50
6-inch box, 1½ to 2 ft. 1.50
Balled, 2 to 3 ft. 3.00
Balled, 1½ to 2 ft. 2.00

STERCULIA. See Brachychiton.

THUYOPSIS. The Japanese Thuyas. Beautiful conifers, thriving best in moist, cool climates; stand extreme cold.

Borealis (Nootka Sound Cypress). 120 feet. Very desirable; pyramidal habit; light, glossy green foliage.

Each
Cement pots, 3 to 4 ft. $3.00
Cement pots, 2 to 3 ft. 2.50
10-inch box, 3 to 4 ft. 2.00
10-inch box, 2 to 3 ft. 1.50
Balled, 5 to 6 ft. 3.00
Balled, 3 to 4 ft. 2.50
Dolobrata (Hatchet-Leaved Arborvitaes). Leaves shining green above, silvery beneath.

Each
Balled, 1½ to 2 ft. $6.00

Dolobrata variegata (Variegated Axe-Leaved Arborvitaes). Similar to above; end of branches tipped with pale yellow.

Each
Balled, 1½ to 2 ft. 1.00

TORREYA (Nutmeg Cedar). Beautiful Yew-like trees; well adapted to California conditions.

Each
Balled, 3 to 4 ft. $2.50
Balled, 2 to 3 ft. 2.00

Nuclifera (Japanese Nutmeg). Branches regular; Yew-like; leaves leathery, dark green. Bark bright red, contrasting strongly with the foliage.

UMBRELLA PINE. See Sciadopitys.

YEw (Taxus). Very desirable for park planting; densely clothed with dark green. Wood heavy, hard, close-grained, strong, elastic, reddish.

Each
Tubs and boxes, 4 to 5 ft. $3.50
Tubs and boxes, 3 to 4 ft. 2.50
Balled, 3 to 4 ft. 2.00
Balled, 2 to 3 ft. 1.25
Potted, 2 ft. 1.00
6-inch boxes, 3 to 4 ft. 1.50
6-inch boxes, 2 to 3 ft. 1.25

Baccata (English Yew). Slow growth; densely branched, spreading head; dark green leaves.

Dwarf Golden (T. elegantissima). One of the most valuable dwarf, golden-leaved evergreens; new leaves bright straw color.

Irish Pyramidal (T. baccata fastigiata). An upright-growing variety; deep, dark green foliage.

Variegated Pyramidal (T. baccata fastigiata variegata). Same habit as above, but with part of the foliage striped and margined with silvery white or pale straw-colored blotches.
EVERGREEN SHRUBS

ABELIA grandiflora (Hybrid Abella). Of straggling growth; small, whitish pink, fragrant, tube-like flowers all summer. Each 10
- Tubs and boxes, 4 to 5 ft. $2.00
- Tubs and boxes, 5 to 7 ft. 1.50
- Balled, 3 to 4 ft. 1.50 $1.50
- Balled, 4 to 5 ft. 1.50 $2.50
- Balled, 5 to 6 ft. 1.50 $3.50

ARALIA papyrifera (Rice Paper Plant). Small tree or shrub; leaves large, deeply lobed, light green above, downy beneath. Each
- Potted, 2 to 3 ft. $1.00
- Sieboldii (Japanese Aralia). Large, glossy palmate leaves. Each
- Cement pots, 1 1/2 to 2 ft. $2.00
- Cement pots, 1 1/2 to 2 1/2 ft. 1.50
- Potted, 10 to 12 inches $1.50

ARALIAD variegata (Japanese Variegated Aralia). Similar to preceding; leaves broadly marked with creamy white. Each
- Potted, 2 to 3 ft. $2.00
- Potted, 3 to 4 ft. 1.50
- Potted, 4 to 5 ft. 1.50 $2.00

ARUSUS Unedo (Strawberry Tree). Foliage dark green; blooms in fall and matures edible fruits, identical in appearance with strawberries. Each
- Potted, 2 to 3 ft. $1.50
- Potted, 1 to 1 1/2 ft. 1.00

AUCUBA Japonica (Variegated Japanese Laurel). Leaves large, distinctly speckled with golden yellow. Each
- Potted, 1 to 1 1/2 ft. $0.75

JAPONICA aureo-maculata (Gold Dust Laurel). A form of the above, with yellow spotted leaves. Each
- 2 to 3 ft. $1.50

AZARA microphylla. A graceful shrub, with dark, shining green leaves; flowers greenish-yellow, succeeded by orange-colored berries. Each
- Balled, 5 to 6 ft. $2.00
- Balled, 6 to 7 ft. 1.50
- Balled, 7 to 8 ft. 1.00

BERBERIS Darwinii (Darwin's Barberry). A spreading shrub, with thick, leathery foliage; flowers orange-yellow, very fragrant, followed by dark purple fruit. Each
- Balled, 2 to 3 ft. $1.00
- Balled, 3 to 4 ft. 1.00 $0.75

Ilicifolia (Holly-Leaved Barberry). Of low, dense growth; brilliant red fruits, scarlet in fall. Each
- Balled, 2 to 3 ft. $0.75
- Balled, 1 1/2 to 2 ft. 0.50

BOX (Buxus). Shrubs of dense, slow growth, with shining foliage; valuable for grouping, lawn decoration and hedge purposes. Each
- Tubs and boxes, 4 to 5 ft. $3.00
- Tubs and boxes, 5 to 6 ft. 2.50
- Tubs and boxes, 6 to 7 ft. 2.00
- 10-inch box, 2 to 3 ft. 1.25
- 6-inch box, 1 ft. 1.00

Cement pots, 1 1/2 to 2 ft. 1.50
- Cement pots, 2 to 3 ft. 1.50
- Balled, 1 1/2 to 2 ft. 1.50 $1.00
- Balled, 1 1/2 to 3 ft. 1.00 $0.50
- Balled, 1 to 1 1/2 ft. 1.00 $0.50

EXCELI SUFFRUTICOSA. Balearica. A handsome shrub, foliage light green.
- Sempervirens (Tree Box). Large shrubs of dense habit; small foliage. Each
- Sempervirens buxifolia $15.00
- Sempervirens buxifolia $10.00
- Sempervirens buxifolia $10.00

Alba. With slender, erect, grooved branches, and white flowers. Each
- Potted, 1 to 2 ft. $10.00

BROOM (Cytisus). Will succeed in almost any soil or situation. The large, pea-shaped flowers appear in the spring, followed by small pods; leaves rounded elongation of the stem.

Cal. Sempervirens aurea (Golden-Leaved Box Tree). Leaves striped and variegated with golden.
- Handsworthii. Erect grower, noted for the size and symmetry of foliage.
- Sempervirens rotundifolia. Foliage large, golden; Fine for single specimens.
- Sempervirens suffruticosa (Dwarf Box). Small bush, with glossy, roundish leaves: extensively used for edging. Each
- Cement pots, 1 to 1 1/2 ft. $2.00
- 10-inch boxes, 1 1/2 to 2 ft. 1.50
- 6-inch boxes, 2 to 3 ft. 1.50
- 6 to 8 inches $0.50
- Balled, 1 to 1 1/2 ft. 7.50
- Balled, 6 to 8 in. 3.50 $3.00

ROEDING & WOOD NURSERY CO., LOS ANGELES, CAL.
Bach $0.75

Spanish (C. Hispanica). An upright-growing shrub; flowers yellow, on long, drooping, leafless branches. Each 10
Potted, 1 to 1½ ft. $0.35 $3.00

Burning Bush (Crapeagus Pyracantha). A thick, thorny shrub, foliage small, rich, bronzy, glossy green color; white flowers, followed by masses of crimson berries, persisting all winter. All of this family is very hardy and withstands the coldest weather. Each 10
Tubs and boxes, 4 to 5 ft. $2.00
Tubs and boxes, 3 to 4 ft. 1.50
Tubs and boxes, 2 to 3 ft. 1.25
6-inch box, 1 to 1½ ft. 40 $3.00
Balled, 4 to 5 ft. 1.50 12.50
Balled, 3 to 4 ft. 1.25 10.00
Balled, 2 to 3 ft. 1.00 8.00

Crataegus Lelandii. Similar to the preceding, but of more vigorous growth; berries orange yellow. Each
Potted, 1 to 1½ ft. $0.75

Crataegus Crenulata (New). A beautiful shrub in spring; brilliant in winter, with masses of scarlet berries. Each 10
Balled, 1 to 2 ft. $1.00
Potted, 1½ to 2 ft. 75 6.00

CAMELLIA Japonica. Beautiful winter-flowering evergreens, with dark, glossy green foliage and magnificent waxy flowers of various colors. Each
Potted, 1½ to 2 ft. $1.25 to $1.50

Double Pink. Blooms early; one of the best.
Double Red. Flowers very double; largest size; beautiful red.
Double Red and White. Flowers double red, striped white; free-flowering.
Double White. Produces abundance of large, pure white, double flowers.

CARPENTERIA Californica. Native shrubs with pure white, fragrant flowers. Adapted to the driest locations. Each
Potted, 1½ to 2 ft. $1.00
Potted, 1 to 1½ ft. 75

CARPENTERIA Californica

CARRISA Grandiflora. A striking flowering shrub. Flowers have a strong Jasmine odor, succeeded by scarlet edible fruits; foliage glossy green. Each
Potted, 10 to 12 inches. 40 $3.00

CASSIA Artemesoides. A very strong growing shrub with narrow, linear leaves; flowers deep yellow; withstands drought. Each
Balled, 1½ to 2 ft. $0.40 to $0.50
Balled, 1 to 1½ ft. 30 2.50

Corymbosa (White Senna). An elegant shrub with yellow flowers. Each
Potted, 2 to 4 ft. $0.40 to $0.50
Potted, 2 to 3 ft. 30 2.50

Floribunda. Many flowered. Similar to the above, very free flowering. Each
Balled, 4 to 5 ft. $0.75

CEANOTHUS azureus. Flowers pale blue, leaves bright green above, downy beneath. Each
Balled, 3 to 4 ft. $1.50
Balled, 2 to 3 ft. 1.25
Potted, 2 to 3 ft. 1.00
Potted, 1 to 2 ft. 75

Gloire de Versailles (Hybrid Ceanothus). Desirable late-flowering shrub, with large, blue flowers. Each
Balled, 3 to 4 ft. $1.50
Balled, 2 to 3 ft. 1.25
Potted, 2 to 3 ft. 1.00
Potted, 1 to 2 ft. 75

Thrysiflorus (California Lilac). A splendid variety, with fine, dark green foliage; flowers light blue. Each
Balled, 3 to 4 ft. $0.40

C E S T R U M aurantiacum. Free-flowering evergreen shrub; covered all summer with orange-colored flowers. Each
Potted, 1½ to 2 ft. $0.75

CHERRY, Evergreen. Very ornamental bush or small tree, with shining, dark, glossy green, holly-like foliage. The racemes of white flowers being followed by large red or black berries. Each
Balled, 4 to 5 ft. $1.50
Balled, 3 to 4 ft. 1.00
Potted, 2 to 3 ft. 40 3.50
Potted, 1½ to 2 ft. 40 2.50

California Evergreen (Cerasus ilicifolia). With brilliant foliage, lighter than Holly. Found in the lower foothills of California. Each
Balled, 4 to 5 ft. $1.50
Balled, 3 to 4 ft. 1.00
Potted, 2 to 3 ft. 40 3.50
Potted, 1½ to 2 ft. 40 2.50

Broad-Leaved (C. integrifolia). Similar to preceding; leaves larger, with few spines; flowers more numerous and fruit larger.

CHOISYA ternata (Mexican Orange). Low-growing shrub; glossy, bright green, fragrant leaves and abundant, snowy, sweet-scented flowers during the entire season. Each
Potted, 1 to 1½ ft. $0.75 to $0.80
Potted, 10 to 12 in. 50 4.00

CHRISTMAS BERRY (Heteromeles arbutifolia). A native shrub of California, growing abundantly in the coast counties, and thriving equally well in the interior. The red berries, which hang from November to February, are highly valued for decorative purposes. Each
Potted, 1½ to 2 ft. $0.75 to $0.80

COLLETTIA CRUCIATA. Curious shrubs, with elliptic, flattened, prickly spiny leaves. Covered in spring with small white flowers. Fine single specimen plants. Each
Balled, 4 to 5 ft. $1.00
Balled, 3 to 4 ft. 75 5.50
Balled, 2 to 3 ft. 50 4.00
Potted, 2 to 3 ft. 40 3.00

COPROPSMA Baueriana picturata. Dense-growing shrub with rounded, glossy green leaves. Fine decorative specimen plants; makes a fine, compact hedge. Each
6-inch box, 1½ to 2 ft. $0.50 to $0.60
Potted, 2 to 3 ft. 60 5.00

CORONILLA glauca. Pretty evergreen shrub, covered with yellow flowers in summer; fragrant in daytime, scentless at night; foliage glaucous green.
CORONILLA—Continued

Glaucá variegátà. Similar to the preceding, but leaves are mottled yellow.

Alba. Flower white.

Armillaris. Flowers white.

Decussata. Smooth leaves; lilac-colored flowers in August.

Ericifolia. Flowers pale yellow; leaves leathery, spreading or recurved.

Hypericifolia. Of spreading habit; flowers red.

Leucadendron (Cajuput Tree). Flowers white, in pendulous spikes; leaves long, lanceolate. A fine and very desirable shrub.

Oppositifolia. Graceful foliage; scarlet flowers.

METROSIDEROS robusta. An odd shrub, covered with rich, crimson flowers, in dense racemes, in July.

Semperflorens. Leaves thick, lanceolate, reddish when young; flowers in reddish spike; rather loose. Rapid grower.

Each 10
Ball, 4 to 5 ft. $1.25
Ball, 3 to 4 ft. 1.00
Ball, 2 to 3 ft. .60 5.00
6-inch box, 1 to 1½ ft. .40 3.00

MYPORUM LAETUM. Quick growth; leaves large, glossy, oleander-like; small white flowers, pink berries. Grows well in nearly any soil.

Each 10
Potted, 1½ to 2 ft. $0.40 $3.00

MYRTLE (Myrtus). Classic shrub, with handsome, aromatic foliage, and fragrant white flowers, which appear all summer; effective for grouping.

Each 10
Ball, 4 to 4 ft. $1.25 $10.00
Ball, 3 to 3 ft. 1.00
Ball, 1½ to 2 ft. .75 6.00
Potted, 8 to 12 in. 30 2.50

Common (Myrtus communis). Dwarf shrubs; lustrous green leaves. Does well in the interior valleys.

Microphylla (Small-Leaved Myrtle). Small, dark green foliage, set closely along branches. Fine ornamental shrub.
OLEANDER MADONI GRANDIFLORUM

NANDINA domestica. Dwarfish; reed-like stems; glossy green leaves and fall spikes of white flowers. Masses of small red and white berries. Each 10

- Tub, 2 to 3 ft. $2.00
- Cement pot, 3 to 4 ft. 3.00
- Cement pot, 2 to 3 ft. 2.50
- 6-inch box, 1 to 1 1/2 ft. $5.00

Each 10

- Balled, 3 to 4 ft. 1.50
- Balled, 2 to 3 ft. 1.25
- Potted, 6 to 8 in. 3.00

OLEANDER (Nerium). Oleanders are particularly adapted to this climate; their deep green foliage and fragrant flowers of many colors, appearing all summer, combine to make the most attractive decorative shrubs.

Each 10

- Tubs, 4 to 5 ft. $2.00
- 10-inch box, 3 to 4 ft. 1.25
- 18-inch box, 2 to 3 ft. 1.00
- Balled, 4 to 5 ft. 1.25
- Balled, 3 to 4 ft. 1.00
- Balled, 2 to 3 ft. 0.75
- Potted, 1 to 1 1/2 ft. 3.00

Album maximum. Single white. Album plumon. Perfect white Oleander; flowers very double.

Atropurpureum duplex. One of the best doubles; deep carmine, streaked white.

Madame Touye. Double; ivory to straw color.

Mme. Planche. Semi-double; rosy lilac.

Madame Sarah Bernhardt. Immense truss, single, delicate white, streaked pink.

Madoni grandiflorum. Creamy white, semi-double; fragrant; strong grower.

Mrs. F. Roeding. Originated by us; strong grower; very hardy; flowers double, finely fringed, color of La France rose.

Nankin. Single; salmon-yellow; of dwarf-ish habit; best yellow.

Nankin Variegated. Leaves beautifully variegated; flowers double, light pink.

Professor Durand. Very double; changing from creamy yellow to deep amber-yellow.

Purpureum. Single; deep carmine-crimson, shaded maroon.

Sister Agnes. Very large truss; single pearly white; very free-blooming.

Splendens giganteum. Double rose; very fragrant; largest of all Oleanders; blooms all summer.

OLEA fragrans (Japan Fragrant Olive). Small tree; sweet; fragrant; both white and yellow flowered varieties. Blooms continuously during winter. Each Potted, 2 to 3 ft. $1.00

PHOTINIA serrulata. Leaves glossy green, assuming most beautiful tints in winter; flowers small, white, in large, flat corymbs, followed by bright red berries. Each 10

- 8-inch box, 4 to 5 ft. $0.60
- Bare roots, 4 to 5 ft. 1.50
- Bare roots, 3 to 4 ft. 1.25
- Bare roots, 2 to 3 ft. 1.00

PITTOSPORUM. Very ornamental, bright green and variegated foliaged plants, growing either compact with spreading branches or upright.

Crassifolium (Thick-Leaved Pittosporum). Highly ornamental on account of pale, glaucous foliage; valuable for wind-breaks.

Eugeniaoides. Upright grower; silvery, light green leaves; black stems; very fine for hedges. Each 10

- 6-inch box, 3 to 4 ft. $1.25
- 6-inch box, 2 to 3 ft. 1.00

Tobira (Japanese Pittosporum). Low-growing shrub, dark green leaves; fragrant flowers; white flowers.

Tobira variegatum (Variegated Japanese Pittosporum). Same habit as the preceding; foliage margined white. Each 10

- Boxes, 2 to 3 ft. $2.00
- Balled, 3 to 4 ft. 1.50
- Balled, 2 to 3 ft. 1.25
- Balled, 1 1/2 to 2 ft. 1.00
- 6-inch box, 1 to 1 1/2 ft. 0.60

Undulatum (Wavy-Leaved Pittosporum). Deep green, glossy leaves; flowers intensely fragrant at night. Each 10

- 6-inch box, 2 to 3 ft. $0.75
- 6-inch box, 1 1/2 to 2 ft. $0.50
- 6-inch box, 1 to 1 1/2 ft. 0.50
- Potted, 2 to 8 ft. 0.40

POLYGALA Dalmatiana. Free-blooming; with rosy, pea-shaped flowers completely enveloping the plant all summer. Each 10

- 6-inch box, 1 1/2 to 2 ft. $0.60
- Balled, 3 to 4 ft. 1.50
- Balled, 2 to 3 ft. 1.00

RAPHIOLEPIS o v a t a. Compact-growing shrub; dark green leaves; white flowers in summer, followed by black berries. Each 10

- 6-inch box, 8 to 12 inches $0.35
- 6-inch box, 4 to 5 ft. 1.50
- Balled, 1 1/2 to 2 ft. 0.75
- Potted, 1 1/2 ft. 0.75

RHAMNUS alaternus. Very hardy shrub, with smooth, shining green leaves and short racemes of small, greenish flowers. Each 10

- Balled, 4 to 5 ft. $1.50
- Potted, 1 1/2 ft. 0.75

ROSEMARY (Rosemarinus officinalis). Well-known hardy shrub; used to make medicinal tea. Each 10

- 1 1/2 to 2 ft. $0.50
- Balled, 1 1/2 ft. 0.40
TEUCRIM. Hardy plants with aromatic foliage; suitable for garden or rockwork.

Each 10
Balled, 4 to 5 ft. $1.25 $10.00
Balled, 3 to 4 ft. 1.00 7.50
Balled, 2 to 3 ft. .75 6.00
6-inch box, 8 to 12 inches .50 4.00

Canadense. Useful for low grounds and moist borders; flowers purple to creamy.

Fruticans. Suitable for dry locations; leaves ovate; flowers blue. Has long blooming season.

VERONICA. Very showy, free-blooming plants, succeeding in any good garden soil in sunny location. Fine hedge plants.

Each 10
Balled, 2 to 3 ft. $1.00 $7.50
Potted, 8 to 12 in. .80 5.00
Andersonii variegata. Leaves glossy green, margined silvery; flowers violet-blue.

Carnea. Leaves small; flowers red.

Elliptica. Leaves small, light green; flowers large, violet, changing to pure white.

Imperials. Large, dense spikes of amaranth-red or crimson-purple flowers.

CLIMBING AND TRAILING PLANTS

AMPELOPSIS Veitchii—Boston Ivy

AKEBIA. Graceful, hardy climbers with twining stems.

Each 10
Potted $0.40 $3.00

Lobata. Flowers purple; showy purple fruit.

Quinata (Five-Leaved Akebia). One of the hardiest; small, deep green foliage; violet-brown flowers; fruit dark purple.

AMPELOPSIS. Hardy deciduous tendril creepers; fine for covering stone walls, chimneys and fronts of houses.

Each 10
Field grown $0.50 $4.00
Potted .40 3.00

Veitchii (Boston Ivy). Leaves glossy green; glorious autumnal coloring; flowers small; dense clusters of deep blue berries.

Quinquefolia (Virginia Creeper). Common American Ivy; luxuriant foliage, assuming gorgeous colors in autumn.

NEW VARIETIES OF AMPELOPSIS

Each 10
Field grown $0.60 $5.00
Potted .50 4.00

Engelmanni. Shorter joints and more rapid growth than Quinquefolia.

Henryana. A remarkably vigorous grower, with large, peculiarly variegated foliage.

Stricta sempervirens. Evergreen; clings well to walls; leaves smaller than Veitchii.

Tricuspidata. Much superior to the Virginia Creeper. Clinging, very glossy, its autumnal coloring is very beautiful.

ARISTOLOCHIA sipho (Dutchman's Pipe). Hardy, twining, deciduous vine; large, heart-shaped leaves and yellowish brown pipe-shaped flowers.

Each 10
Potted $0.30

BIGNONIA. Beautiful plants with large, showy flowers of the most delicate shades and colors.

Grandiflora (Trumpet Vine). Strong climber; large, orange-scarlet flowers; deciduous foliage.

Each 10
Potted $0.40 $3.00

Capreolata (Cross Vine). Very vigorous grower; flowers extra large; beautiful shade of yellowish red; deciduous.

Each 10
Potted $0.50 $4.00

Chere. Flowers 4 inches long, blood-red, but yellow at base; one of the finest; evergreen; will not withstand much cold.

Each 10
Potted $0.50 $4.00

Tweediana. Strong grower, clinging; small evergreen leaves; flowers canary-yellow; trumpet-shaped. Good for covering walls.

Each 10
Potted $0.40 $3.50
VENUSTA. Vigorous grower; large, deep orange-colored flowers; will not withstand very much cold; evergreen. Each 10
Potted .................................. $0.50 $4.00

BOUGAINVILLEA. A very showy class of climbers, requiring some protection during winter, in the interior.
Glabra sandersiana. Evergreen climber; deep rosy flowers in abundance. Each Potted .................................. $0.50
Refuge. Flowers Each .................................. $0.50
Spectabilis. Leaves large, bright green; flowers rosy magenta, of a lighter color than the preceding; very much showier. Each 10
Potted .................................. $0.50 $5.00
Spectabilis lateritia. Flowers larger than preceding, brick-red; very rare. Each Potted .................................. $2.50

CLEMATIS. Vigorous deciduous climbers; do best in light, loamy, well-drained soil.
Duchess of Edinburgh. Flowers double, white; strongly imbricated; fragrant. Each Potted .................................. $0.75
Flammula (Sweet Clematis). Slender, vigorous climber, prized for small, white, fragrant flowers. Hardy in the interior. Each Potted .................................. $0.60 $5.00
Jackmani. Large, intense violet flowers; very free. One of the popular varieties. Each Potted .................................. $0.75
Mad. E. and Andre. New; flowers large, claret-red; fragrant. Each Potted .................................. $0.75
Montana (Mountain Clematis). Flowers white, dashed pink; very sweet; ideal for California. Each Potted .................................. $0.40
Paniculata. Hardy Japanese climbers; clusters of small, fragrant, white flowers. Each Potted .................................. $0.50

COBOEA. Very profuse blooming; evergreen; very desirable for arbors and trellises.
Scandens. Flowers bell-like, violet purple; borne all summer. Each 10
Potted .................................. $0.35 $3.00
Scandens alba. Identical with the preceding, except that flowers are white. Each 10
Potted .................................. $0.40 $3.50

DECUMARIA barbara (Climbing Snowball). Showy deciduous vine; climbing by aerial rootlets; blooms freely; flowers white, fragrant. Each Potted .................................. $0.50

DOLICHOS lignosus (Australian Pea Vine). Rampant-growing evergreen; flowers pea-shaped; rosy purple. Each Potted .................................. $0.40
Lignosus albus. Fully as rampant a grower as the preceding, but flowers are white. Each Potted .................................. $0.50

EUONYMUS Japonicus radicans argentea-marginatus (Variegated Trailing Euonymus). Light green, silver-edged foliage. Each 10
Balled .................................. $0.50 $4.00
Potted .................................. $0.30 $2.50
Japonicus radicans (Climbing Euonymus). Low, procumbent shrub with trailing or climbing branches, sometimes 20 feet long. Well adapted for covering walls, rocks or trunks of trees, clinging by aerial rootlets. Leaves roundish, generally dull green above with whitish veins. Each 10
Balled .................................. $0.50 $4.00
Potted .................................. $0.35 $3.00

BIGONIA GRANDIFLORA
See page 48

FICUS repens (Climbing Fig). Evergreen climber; small, roundish, dark green leaves; attaches itself to walls like ivy. Each 10
5-inch boxes .................................. $0.50 $4.00
Potted .................................. $0.40 $3.00

HONEYSUCKLE (Lonicera). Comprise a number of well-known, hardy, climbing vines.
Each 10
Potted .................................. $0.40 $3.00
Aureo-reticulata (Variegated Leaved). Flowers yellow; fragrant; leaves netted and veined clear yellow; evergreen.
Periclymenum (Woodbine Honeysuckle). Flowers yellow, blotched red above; very fragrant; blooms all summer.
Chinese (L. Standishii). Half evergreen, flowers white and pink; fragrant.
Gigantea superba. Very vigorous grower, with large, downy leaves.
Halliana Japonica (Japanese Honey-suckle). Rampant evergreen climber; dark green, ovate leaves; flowers fragrant, white, changing yellow.
Sempervirens. Rather slow growth; flowers very showy, red outside, orange inside.

IPOMEA Leari (Blue Dawn Flower). Rapid grower; bell-shaped, deep lilac flowers in clusters of 12 to 30, opening in succession; a wonderful bloomer. Each 10
Potted .................................. $0.40 $4.00
Gallon cans, extra strong .................................. $6.50

IVY (Hedera). Few evergreen climbing plants will thrive under so many varying conditions as the Ivy. Each 10
Potted .................................. $0.30 $2.50
Gallon cans, extra strong .................................. $4.00 $3.00

English (Hedera Helix). Large, thick, shining leathery leaves.
Maculata major. Large leaves, spotted and striped yellowish white.
Maderiensis var. Leaves edged white.
Variegated (H. variegata). Form of "Common English Ivy." Bright green leaves, margined and blotched, creamy shades.
Raeugleriana. Handsome and distinct; leaves large, dark green, leathery.
JASMINE (Jasminum). Some varieties grow in shrub form; others are climbing or trailing. Graceful, hardy plants. Each 10
Potted ............................................ $0.55 $5.00
6-inch boxes ..................................... .50 4.00
Gracillimum. New evergreen Jasmine; clustered flowers pure white.
Grand Duke. Flowers large, double, white, fragrant.
Grandiflorum (Catalonian Jasmine). Free-blooming; flowers pure white, star-shaped, fragrant; foliage delicate; evergreen.
Nudiflorum (Naked-flowered Jasmine). Drooping branches; enveloped with bright yellow flowers in winter before leaves appear.
Primulium. New variety; same as above, but flowers are fully double the size.
Officinale (True Jasmine or Jessamine). Slender-growing vine; produces abundance of snow-white, fragrant flowers all summer. The foliage is glossy and clean.
Revolutum (Italian Yellow Jasmine). Vigorous; rich yellow flowers all summer. Leaves thick, glossy and evergreen.
KENNEDY ova. Suitable for trellises; flowers pink. Each
Potted ............................................. $0.50
KUDZU VINE (Pueraria Thunbergiana). Immensely vigorous; stems grow 60 feet in one season. Flowers purple, fragrant, pea-shaped. Each 10
Field grown, strong roots .................................. $0.75 $8.00
Potted ............................................. .50 4.00
LANTANA Sellowiana (Weeping or Trailing Lantana). Pretty trailing variety; flowers rosy lavender, produced freely. Each 10
Potted ............................................. $0.35 $3.00
MANDEVILLA suaveolens (Calle Jasmine). Fine summer climber; large clusters of fragrant, waxy, star-shaped blossoms. Each 10
Potted ............................................. $0.20 $2.50
MUEHLENBECKIA complexa (Wire Vine). Very rapid and showy climber; flowers small, white, waxy, white, followed by transparent, glistening,icle-like fruits. Each 10
Potted ............................................. $0.40 $5.00
6-inch boxes ........................................... .50 4.00
PASSION VINE (Passiflora). All strong-growing evergreen climbers, with brilliantly colored flowers. Each 10
Potted ............................................. $0.50 $5.00
Edulis. Rapid grower, with beautiful glossy green foliage; flowers white, violet base; fruit edible, large as goose egg.
Coerulea. Vigorous; hardy; flowers faintly scented, purple at bottom, white in middle, blue at ends; fruit yellowish.
Ignia (Scarlet Tacsonia). Flowers intense crimson; showy and handsome. Pink (Tacsonia Mollissima). Flowers rose color; nearly 3 inches across.
PLUMBAGO. Very free blooming; can be trained as a spreading shrub. Each 10
Potted ............................................. $0.35 $3.00
Capsis. Flowers azure-blue, color most unique.
Capsis alba. Pure white, form of above.
RHYNCOSPERMUM jasminoides albus (Star Jasmine). Very unique climber; profuse bloom; flowers delightfully fragrant; creamy white. Each
Potted ............................................. $0.75
RUSSELIA elegantissima. Leaves very small, flowers bright red. Very easy cultivation. An excellent basket plant. Each 10
Potted ............................................. $0.40 $5.00
SILK VINE (Periploca Graeca). Of very rapid growth; deciduous, dark green, glossy leaves; purplish brown flowers. A grand climber. Pods filled with silky seeds. Each 10
Field grown ........................................... $0.40 $5.00
Potted ............................................. .50 2.50
SOLANUM jasminoides (Potato Vine). Rapid grower; dark green leaves; flowers white, yellow center. Each 10
Potted ............................................. $0.40 $4.50
Wendlandii. Rapid grower; large, glossy green leaves; immense clusters of lilac-blue flowers all winter. Each 10
Potted ............................................. $0.60 $6.00
SOLLYA heterophylla (Australian Blue Bell). Hardy evergreen climber; brilliant blue, tubular flowers. Each 10
Potted ............................................. $0.50 $4.50
Swainsonia galegifolia albiflora. Flowers white, resembling Sweet Peas; very profuse bloomers, with delicate, bright green foliage and pure white flowers.
Galegifolia rosea. Same as preceding, but with pink flowers. Each 10
Potted ............................................. $0.35 $3.00
TECOMA. Beautiful, showy climbing plants, resembling Bignonias. Each 10
Potted ............................................. $0.40 $3.50
Wendlandii 10-inch boxes .................................. .60 4.00
Australia. Rapid grower; elegant, thick, green foliage and white flowers in greatest profusion make it very desirable.
Capensis (Cape Honeysuckle). Flowers orange-red; about 2 inches long, in terminal racemes.
Jasminoides (Australian Bower Plant). Bright glossy leaves; white flowers, shaded deep purple at throat.
Jasminoides alba. Very rare; similar to Jasminoides, but with white flowers.
Mackenli. Dark green leaves, funnel-shaped flowers; light pink, striped red.
Radicans (Trumpet Creeper). Similar to Bignonia grandiflora, but evergreen; flowers scarlet.
Stana. Erect growth; flowers fragrant, yellow; blooms all summer.
TRUMPET VINE. See Bignonia grandiflora.
VIRGINIA CREEPER. See Ampelopsis quinquefolia.
WISTARIA. One of the most desirable deciduous climbing plants.
Chinese Double Purple (W. Chinensis flore pleno). Long clusters of pale, double, blue flowers. Each 10
Price .................................................. $0.75 $6.00
Chinese Purple (Wistaria Chinensis). Flowers pea-shaped, in pendulous clusters a foot long. Each 10
Price .................................................. $0.50 $4.00
Passion Vine

SOLANUM jasminoides (Potato Vine). Rapid grower; dark green leaves; flowers white, yellow center. Each 10
Potted ............................................. $0.40 $4.50
Wendlandii. Rapid grower; large, glossy green leaves; immense clusters of lilac-blue flowers all winter. Each 10
Potted ............................................. $0.60 $6.00
SOLLYA heterophylla (Australian Blue Bell). Hardy evergreen climber; brilliant blue, tubular flowers. Each 10
Potted ............................................. $0.50 $4.50
Swainsonia galegifolia albiflora. Flowers white, resembling Sweet Peas; very profuse bloomers, with delicate, bright green foliage and pure white flowers.
Galegifolia rosea. Same as preceding, but with pink flowers. Each 10
Potted ............................................. $0.35 $3.00
TECOMA. Beautiful, showy climbing plants, resembling Bignonias. Each 10
Potted ............................................. $0.40 $3.50
Wendlandii 10-inch boxes .................................. .60 4.00
Australia. Rapid grower; elegant, thick, green foliage and white flowers in greatest profusion make it very desirable.
Capensis (Cape Honeysuckle). Flowers orange-red; about 2 inches long, in terminal racemes.
Jasminoides (Australian Bower Plant). Bright glossy leaves; white flowers, shaded deep purple at throat.
Jasminoides alba. Very rare; similar to Jasminoides, but with white flowers.
Mackenli. Dark green leaves, funnel-shaped flowers; light pink, striped red.
Radicans (Trumpet Creeper). Similar to Bignonia grandiflora, but evergreen; flowers scarlet.
Stana. Erect growth; flowers fragrant, yellow; blooms all summer.
TRUMPET VINE. See Bignonia grandiflora.
VIRGINIA CREEPER. See Ampelopsis quinquefolia.
WISTARIA. One of the most desirable deciduous climbing plants.
Chinese Double Purple (W. Chinensis flore pleno). Long clusters of pale, double, blue flowers. Each 10
Price .................................................. $0.75 $6.00
Chinese Purple (Wistaria Chinensis). Flowers pea-shaped, in pendulous clusters a foot long. Each 10
Price .................................................. $0.50 $4.00
Passion Vine

SOLANUM jasminoides (Potato Vine). Rapid grower; dark green leaves; flowers white, yellow center. Each 10
Potted ............................................. $0.40 $4.50
Wendlandii. Rapid grower; large, glossy green leaves; immense clusters of lilac-blue flowers all winter. Each 10
Potted ............................................. $0.60 $6.00

Radicans (Trumpet Creeper). Similar to Bignonia grandiflora, but evergreen; flowers scarlet.
Stana. Erect growth; flowers fragrant, yellow; blooms all summer.
TRUMPET VINE. See Bignonia grandiflora.
VIRGINIA CREEPER. See Ampelopsis quinquefolia.
WISTARIA. One of the most desirable deciduous climbing plants.
Chinese Double Purple (W. Chinensis flore pleno). Long clusters of pale, double, blue flowers. Each 10
Price .................................................. $0.75 $6.00
Chinese Purple (Wistaria Chinensis). Flowers pea-shaped, in pendulous clusters a foot long. Each 10
Price .................................................. $0.50 $4.00
Chinese White (W. Chinensis alba). Chinese variety; pure white. Each 10
Price $0.75 $6.00

Multijuga alba (Loose-clustered Wis-
tarla). Flowers white, fragrant, in rac-
cemes. Each
Price $0.75

Multijuga Pink (Pink-Flowering Wis-
tarla). Same as preceding, but pink flow-
ers; very rapid growth. Each
Price $1.50

Multijuga Purple. Racemes longer and
looser than Chinensis; flowers smaller.
Each
Price $1.00

PALMS

No plants are more decorative, for indoors or out. The smaller and more tender varie-
ties “set off” interior decorations, while the larger and harder varieties are invaluable
for garden, lawn and avenue. We carry a large stock in boxes, tubs and cement pots,
which have been taken from the open ground and are well established. These can be used
either for porch decorations or planted out in the open. Such plants give an immediate
effect, and never go back, when transplanted.
All marked with an asterisk (*) are for in-
doors and conservatory decoration.

ARECA Baueri. A graceful and beautiful
palm. Polynesian bright glossy green; very
desirable house palm.

Sapida. More compact grower than the preceding. Pennated leaves heavier and
broader.

CHAMAEROPS. Hardy fan-leaved palms,
with dark, hairy trunks, and very slender
leaf stalks.

Tubs and boxes, 12 to 14 ft... $25.00
Tubs and boxes, 10 to 12 ft. 15.00
Tubs and boxes, 8 to 9 ft... 5.00
Tubs and boxes, 5 to 6 ft... 3.50
Tubs and boxes, 2 to 3 ft. 2.50
Balled, 6 to 8 ft... 3.00
Balled, 5 to 6 ft... 2.50
Balled, 4 to 5 ft. 2.00
Balled, 3 to 4 ft. 1.50
Balled, 2 to 3 ft. 1.00
Potted, 1½ to 2 ft. 1.00
Potted, 1 to 1½ ft. 0.50

Excelsa (Windmill Palm). The hardest
we have; leaves fan-shaped, deeply cut,
very symmetrical.

Humilis (Dwarf-growing Fan Palm). Di-
vided fan-shaped leaves; stems thorny. One
of the hardiest.

Nepalensis. Resembles Excelsa in habit,
but is more dwarf; leaves smaller, stiff,
more rounded; leaf-stalk shorter and stout-
er; leaves deep, dark green.

NEW VARIETIES OF THE HUMILIS TYPE

Arborea
Canariensis
Gracilis

Argentea
Cochinchinensis
Robusta

Artosa
Farinosus
Spinosa

Tomentosa

COCOS. Very graceful palms with curving
pinnate leaves.

Tubs and boxes, 6 to 8 ft. $9.00
Tubs and boxes, 5 to 6 ft... 7.00
Tubs and boxes, 4 to 5 ft... 5.00
Cement pots, 4 to 5 ft... 2.00
Cement pots, 3 to 4 ft... 1.50
Cement pots, 2 to 3 ft. 1.00
Balled, 5 to 6 ft... 4.00
Balled, 4 to 5 ft... 3.50
Balled, 3 to 4 ft... 3.00
Balled, 2 to 3 ft... 2.50

Australis (Pindo Palm). Slow-growing,
graceful, hardy; leaves silvery green. Fine
for small gardens.

Bonneti. Hardy; gray green; excellent
for house culture.

Campestris. Similar to Australis except leaves more recurved and spiny.

*Corypha australis. Handsome Fan Palm. Leaves dark green, petioles heavy; suitable
for hall decoration.

Cycas revoluta (Sago Palm). A magnificent
plant; many beautiful, pinnate, dark green
leaves, uncurling from the top of the stem
like ostrich feathers. (These Palms are
grown in pots and tubs only; quotations are
based more on the number of fronds or
leaves than on the size of the container.)

Erythea. Hardy Palms, with very large
fan-shaped leaves, on long stalks. One of
our best Palms.

Cocos Australis

*Pindo Palm. Suitable for home planting.

**Livistona Chinensis**

**Armata** (Blue Palm). One of the most graceful and striking of Fan Palms; color of leaves gives the plant a silvery blue hue. Quite distinct and hardy.

**Brandegii** (Brahea Brandegii). New; tallest growing of fan-leaved Palms; hardy.

**Edulis** (Guadalupe Island Palm). Like California Fan Palm; stem slender, graceful; leaves deep green, no filaments.

**Jubaea spectabilis** (White or Honey Palm). One of the hardest; resembles Phoenix, but is more spreading and dwarf. Each

During April and May, Cabbage Palms can be transplanted safely, taken up with naked roots, with all leaves removed except the center shoot. Write us for special prices on this stock.

Filifera (California Weeping Palm). Trunk attains diameter of 4 feet; leaves fan-shaped, with numerous divisions and whitish filaments; petioles stout, smooth, 5 to 6 ft. long, margined with hooked spines.

Robusta (W. Gracillis or Sonorea). A distinct type; leaves drooping, much more slender than preceding and with fewer white filaments. Petioles more heavily spined; much more rapid grower than W. filifera; trunk much more slender than that variety.
YUCCA. Very effective palm-like plants, with spikes of white flowers; require little care, once established. Each
- Balled, 4 to 5 ft. $2.00
- Balled, 5 to 6 ft. $3.00
- Boxed, 4 to 5 ft. $1.00
- Boxed, 5 to 6 ft. $1.50
- Potted, 4 to 5 ft. $1.00
- Potted, 5 to 6 ft. $1.25
Except Aloifolia Quadricolor and Variegata.

Angustifolia. Tall-growing; long, narrow, white-margined leaves; spikes of immense creamy flowers.

Baccata (Spanish Bayonet). Low, compact grower; leaves rigid; yellowish green flowers. Flower cluster 5 to 6 ft. long.

BAMBOOS

(Bambusa)

Bambusa vichii. Dark green leaves, margined white.

Bambusa vulgaris (Common Bamboo). Tall, quick growing; one of the best for tropical effects; attains height of 70 ft.

Phyllostachys mitis (Noble Bamboo). Stem often 6 inches in diameter, used for furniture, etc.; young sprouts edible.

Phyllostachys taeochiku. Highly ornamental. Slender stem grows to height of 10 ft. One of the best.

Phyllostachys viridis glaucescens. One of the hardiest. Stems 2 inches in diameter; attains a height of 25 feet. One of the most valuable of the Bamboos and deserving of wide culture.

VARIEGATED BAMBOO

Additional species of Bambusa

ACHANIA malvaviscus (Turk's Cap). Vigorous grower, similar to Abutilons; flowers brilliant crimson. Each
- Potted ........................................ $0.30

ACHRYANTHES. Very desirable for low borders; foliage rich and highly colored. Each
- Potted ........................................ $0.20 $1.50

ANTHERICUM vittatum variegatum (Phlantamum lineare). Leaves dark green, beautifully marked creamy white. Each
- 5-inch pots ..................................... $0.50
- 3-inch pots .................................. $0.35

ARUNA. Variegated Bambusa, graceful reed with longitudinally striped green and creamy white leaves. Excellent for immediate effects in aquatic scene and for hiding ugly objects. Each
- Potted ........................................ $0.50 $4.00

ASPARAGUS

12-inch tubs ................................ $1.50 to $4.00
Hanging baskets .......................... 1.00 to 2.50
7 and 8-inch pots ....................... 1.00 to 1.50
6-inch pots ............................... 0.50 to 1.25
5-inch pots ............................... 0.35 to .50
4-inch pots ............................... 0.25 to .40

Plumosus ........................................ Beautifully tufted plant; bright green, arching, feathery foliage.

Sprengeri. Useful for decorative purposes; white flowers; red berries; fronds rich green, valuable for cutting, remaining fresh for weeks; an excellent house plant.

Tenuissimus. A beautiful climber, used for floral work.

ASPIDISTRA lurida. Foliage plant; long, dark green leaves; odd purplish flowers.

Lurida variegata. Similar to the preceding; leaves broadly marked with white. Each
- 8-inch pots .................................. $2.00 to $3.00
- 6-inch pots ................................ 1.00 to 2.00
- 5-inch pots ................................ .75 to 1.00

BANANA, Abyssinian (Musa Ensete). Magnificent foliage plants; very rapid growth.
- Potted, 3 to 4 ft. ......................... $1.50
- Potted, 2 to 3 ft. ......................... 1.00

BEGONIA. Showy foliage plants with many-colored, delicate flowers. We have a fine collection. Flowering varieties.
- Potted ........................................ $0.30 to $1.00
- Rex. Very large, showy leaves. Each
  4 to 6-inch pots .................. $0.60 to $1.50

DECORATIVE, BEDDING

AND BORDER PLANTS

Filamentosa (Adam's Needle). Compact grower; dark green leaves and majestic spikes of yellowish white flowers.

Whippelii. Very fine; has a flower-like stem 8 ft. high.

SPECIAL VARIETIES

Aloifolia quadricolor. Beautifully variegated, marked with narrow yellow and green stripes. Each
- 6-inch pot ................................ $1.00

Aloifolia variegata. Rapid grower; broad leaves, banded yellow. Each
- Balled, 4 to 5 ft. ......................... $2.50
- 6-inch pots ............................... 1.25

BORDER PLANTS

BORDER PLANTS
CANNAS, Assorted Varieties. Very attractive; large, green leaves, shaded red and crimson. Flowers in variety of colors, spring till fall. List of varieties on application. Each 10 Tubers $0.20 $1.50

FUCHSIA, Assorted. We have a fine collection, including the very best varieties. Each Potted $0.25 to $0.75

GERANIUMS, Single, Double and Ivy-Leaved. We have used the utmost care in selecting our list to improve types. Assorted varieties. Each Potted $0.20 to $0.50

GERBERA Jamesonii (Transvaal Daisy). Flower scarlet, similar in shape and size to Shasta Daisy. Potted $0.35

HELIOOTROPE (Heliotropium). Rich, fragrant flowers; dark green leaves. Assorted varieties. Each Potted $0.10 to $0.50

HIBISCUS rosea-sinensis, Chinese Varieties. Bright, glossy leaves; gorgeous flowers. Assorted colors. Each Potted $0.25 to $1.50

IRESINE. Popular bedding plant. In demand on account of their highly colored flowers and stems. Each 10 Potted $0.25 to $0.50

LANTANA. We offer the best of the new varieties. Each Potted $0.50 to $0.75

LAVENDULA vera (Lavender). The true sweet Lavender. Fragrant blue flowers. July and August. Each Potted $0.25 to $1.00

LOTUS. One of the best plants for hanging baskets. Leaves thread-like; foliage silvery gray; flowers crimson, in long clusters. Each Potted $0.40

MALLOW. In various colors. Flowers six inches across. Form of Perennial Hibiscus. Each Potted $0.50

MARGUERITE (Chrysanthemum frutescens). Paris Daisy. We grow both the white and yellow varieties. Each 10 Potted $0.30 to $2.50

MINT (Menta rotundifolia variegata). Pretty border plant, round, variegated leaves, having a pleasant, mint-like odor when bruised. Each Potted $0.50 to $1.50

NEW ZEALAND FLAX. Each Cement pots, 4 to 5 ft. $3.00

Pots, 2 to 3 ft. $2.00

6-inch box, 2 to 3 ft. $1.00

6-inch box, 1½ to 2 ft. $0.75

Potted, 1 to 2 ft. $0.50

New Zealand (Phormium tenax). Each large, erect, dark green leaves, with narrow, red-dish brown margin. Variegated (P. tenax variegata). Leaves shorter than preceding; marked with broad, creamy stripes. Each Potted $0.50 to $1.00

PAMPAS GRASS (Gynernum argenteum). Leaves long, narrow, drooping; silvery plumes. Each Potted $0.75 $6.00

ARGENTEA roseum. Pink. Like preceding; plumes are fleshy pink. Each Potted $0.50 to $1.00

PANSY (Viola tricolor). Extra choice varieties, from best imported seed. Each 10 100 Transplanted in flats $0.10 $0.40

PELARGONIUM (Lady Washington Geraniums). The best of the late introductions. Each Potted $0.25 to $1.00

PHILODENDRON, Magnificent foliage plant. Leaves dark, rich green color and more or less notched at the sides. A fine house plant or for conservatory decoration. Each Potted $1.50 to $10.00
POINSETTIA pulcherima

PHLOX, Assorted Varieties. Large range of colors; early summer till late fall.

- Potted ........................................ $0.25 $2.00
- Transplanted in flats, $3.00 per 100.

POGOSTEMON heyneanus (Patchouli Plant). Aids the celebrated Patchouli perfume.

- Potted ........................................ $0.30

POINSETTIA pulcherima. The well-known plant; popular in Southern California. Long stems, large leaves and great scarlet bracts surrounding flowers, which appear in winter.

- Potted ........................................ $0.50 to $2.00

PRIMULA obconica (Primrose). Free flowering; dark green foliage, stems of large flowers, varying from white to crimson.

- Potted ........................................ $0.25 $2.00

ROMNEYA coulteri (California Tree Poppy). Perennial; large, white blossoms all summer.

- Potted ........................................ $1.00 $7.50

SALVIA. Handsome, rapid-growing; blooms all summer.

- Potted ........................................ $0.25 $2.00

SANSEVIERIA. Leaves 1 to 3 feet long, sword-shaped; variegated with grayish white cross markings; flowers greenish white.

- Potted ........................................ $0.25 to $1.00

SANTOLINA (Lavender Cotton). Stands extreme drought and cold; valuable for borders; foliage silvery.

BULBS AND TUBEROUS-ROOTED PLANTS

AGAPANTHUS umbellatus (African Lily). Long, fleshy leaves; flowers of bright blue.

- Potted ........................................ $0.50 to $1.50

AMARYLLIS Hippeastrum hybrid. Flowers of enormous proportions; wide range of color and variations.

- Belladonna. Flowers rosy pink; appearing on shoots in August.

- Potted ........................................ $0.30 $2.50

CALADIUM esculentum (Elephant’s Ear). Enormous heart-shaped leaves, growing luxuriantly in very moist situations in summer.

- Clumps ........................................ $0.30

CALLA LILY (Alba maculata). Profuse bloomer; pure white flowers.

- Potted ........................................ $0.25 $2.00

CYCLAMEN latifolium. Small plant; round, fleshy leaves on long stems; odd-shaped flowers of various shades. November to May.

- Each ........................................... $0.15 $1.00
- Transplanted in flats, $3.00 per 100.

SHASTA DAISIES.

- Clumps ........................................ $0.30 $2.50

THYME (Thymus). We grow the common Thyme, with plain green foliage, and the variegated variety.

- Each ........................................... $0.20 $1.50

TRADESCANTIA (Wandering Jew). Two varieties; fine for hanging baskets, jardinières and vases.

- Each ........................................... $0.20 $1.50

TRITONIA uvaria (Red-Hot Poker). Late-blooming; bright orange-scarlet flowers on long, straight stems.

- Each ........................................... $0.35 $3.00

VERBENA. Latest introductions, superior to old sorts.

- Each ........................................... $0.20 $1.50
- Transplanted in flats, $0.10 $0.50 $3.00

VINCA major (Periwinkle). Trailing plant; deep, glossy green leaves; trumpet-shaped, pale blue flowers.

- Major variegata. Similar to preceding; leaves have broad, creamy margin.

- Each ........................................... $0.20 $1.50
- Transplanted in flats, $0.10 $0.40 $3.00

VIOLET (Viola odorata). Each ........................................ $0.25 $2.00
- California. Single, blue violet; profuse bloomer; very fragrant.

- Swanley White. Large, double, white flowers.
FIELD-GROWN ROSES

We grow our roses at San Jose, Cal., where conditions are particularly favorable for the development of bushes with well-matured, strong canes and with a highly developed root system. This stock cannot be excelled. Plants will bloom first season following planting.

ABBREVIATIONS

NEWEST IN ROSES

We take pleasure in calling attention to a few varieties of roses which our Mr. Geo. C. Roeding saw in a number of different nurseries while on his recent trip to Europe. Many of these sorts are entirely new and have never been offered for sale before in the United States.

Among the immense list of new roses, it is a source of satisfaction to us to be in a position to offer for sale a few of the very best varieties.

CHATEAU DE CLOS VOUGEOT (H. T.).

The color is varied from a deep velvety scarlet shaded to bright red and then to dark velvety crimson, as the flowers expand. Its fragrance is very pronounced.

ERNA TESCHENDORFF (Dwarf Poly.).

The color is a brilliant carmine red. It is a very free bloomer and it has a permanency of color which has always been lacking in other roses of this family.

EXCELSA (H. Wich.). Flowers double, bright scarlet, produced in clusters; a fine novelty.

EDWARD MAWLEY (H. T.). One of the best of the new roses; flower large, dark velvety crimson, almost continuously in bloom.

FARBEN-KONIGIN (H. T.). The color is a carmine rose, inclined to somewhat deeper color on the outside of the petals; flowers very large and full.

GEO. ARENDS (H. P.). Called by the originator “Red Frau Karl Druschki.” Flowers bright red carmine, borne on long stems; an extra good forcing rose.

HEINRICH MUNCH (H. P.). It has every characteristic of the Druschki with the exception that the plants are somewhat stronger growers and the flowers are more striking, both in bud form and when fully open. The petals are beautifully reflexed. Pink.

HELVETIA (H. T.). Fine cut flower rose; inside of petals bright pink, outside fiery red; very free bloomer.

HERZOGIN MARIE ANTOINETTE (H. T.). One of the finest of the yellow roses; buds long, orange gold, opening well.

HIAWATHA (H. Wich.). Flowers rich carmine with white center.

JULIET (Hybrid Briar). A distinct type of rose. It is a wonderful grower, sending up long, strong stems surmounted by flowers of most unique color; the outside of the petals is old gold; the interior, rich rosy red, changing to deep rose as the flowers expand; very large and full; delicious fra-
LATE INTRODUCTIONS

Each 10 100
Price $0.40 $3.00 $25.00

Climbing White Cochet (T.). Identical with White Maman Cochet except that it is a climber; flowers white, sometimes suffused with pink.

Dean Hole (T.). Silvery carmine, with salmon shadings. The flowers are large, of great substance and perfect in form, both as a bud and when fully expanded. A wonderful rose.

Dorothy Page Roberts (H. T.). Distinctively a cut-flower rose. Buds large and well formed; color deep shade coppery pink.

Duchess of Wellington (H. T.). Intense saffron yellow, stained with crimson, changing to deep coppery saffron yellow.

Florence Edith Couthwaite (H. T.). Deep cream, suffused with bright rose; petals reflexed and back delicate orange.

Flower of Fairfield (Poly.). Crimson.

His Majesty (H. T.). Dark crimson, shaded deep vermilion edge of petals.

Jonkheer J. L. Mock (H. T.). This stands out as a leader. It is fine in bud, being full and well formed, and is equally good when it opens up. In color, it is a mixture of bright red and salmon pink. As a grower, it is among the best.

Kronprinzessin Cecile (H. T.). Silvery pink, exquisite form.

Lady Alice Stanley (H. T.). Deep coral rose, inside pale flesh.

Lady Ashtown (H. T.). Very fine bloomer and keeps a splendid color; pale rose shading to yellow at base of petals, reflex of petals silvery pink; buds long and pointed; flowers large and shaded green.

Lady Hillingdon (T.). A grand rose for either pot work or garden decoration. Blooms continuously, buds very long, with a most pleasing shade of orange yellow. Particularly fine in the bud state.

Lady Ursula (H. T.). The flowers are large, and of a perfect form; delicately scented, and of beautiful pink color.

Margaret Molyneux (H. T.). Saffron yellow, shaded bronzy carmine.

MARQUISE DE SINETY

Marquise de Sinety (H. T.). This rose inspires enthusiasm as soon as it is seen. It is clear yellow, fading to pale rose at edge of petals, large, full and cup-shaped; very fragrant.

Mary Countess of Lichester (H. T.). Crimson carmine, delicately scented.

Mildred Grant. Color is pearly white, petals edged pink. Blooms size of Paul Neyron.

One of the best of the late introductions.

Mrs. Aaron Ward (H. T.). Long buds borne on erect stems. Flowers large; Indian yellow, suffused with salmon rose.

Mrs. E. J. Holland (H. T.). Deep salmon rose, shaded light at edge of petals.

Nita Weldon (H. T.). Ivory white with faint blush on edge of petals.

Pink Cherokee. A California introduction having all the qualities of the White Cherokee, possessing its vigorous growth, beautiful glossy foliage.

Rhea Reid (H. T.). Color varying from rose-cerise to rich crimson-red. Large, full flowers; fine for forcing.

Schneikopf (Poly.). An exquisite rose of snow-white color, borne on slender, graceful stems like Mme. Cecile Brunner.

The Lyon (H. T.). Salmon pink, shading into cream yellow.

Walter Speed (H. T.). A vigorous, erect grower, of a deep lemon-yellow color, becoming white as it develops.

William Shean (H. T.). Purest deep pink, with shell-shaped petals forming extra long buds.

GENERAL COLLECTION

Each 10 100
Price $0.25 $2.00 $18.00

Abel Carriere (H. P.). Crimson.

Agrippina (Ben.). Deep crimson.

Alice Leroy (M.). Pink.

American Beauty (H. P.). Rosy crimson.

Auguste Guillois or White La France (H. T.). Pearly white, tinted fawn.
My Maryland

Baby Rambler, "Mme. Norbert Levavasseur" (Poly.). Dwarf, bright crimson.

Banksia, Single White (Ban.). White.

Baroness Rothschild (H. P.). Bright rose, shaded white.

Beauty of Glazenwood (Misc.). Coppery carmine and salmon yellow.

Belle Siebrecht (H. T.). Imperial pink.

Black Prince (H. P.). Dark crimson.

Bridesmaid (T.). Clear, bright pink.

Catherine Mermet (L.). Light flesh.

Cherokee, Single (Misc.). Pure white.

Cherokee, Double (Misc.). White.

Chesnut Hybrid (H. T.). Cherry-carmine.

Clara Watson (H. T.). Pearl white, center shaded pale peach.

Clio (H. P.). Flesh color, center shaded rosy pink, large and of fine form.

Climbing Belle Siebrecht (H. T.). Imperial pink, identical with its parent, but of climbing habit.

Climbing Bridesmaid (T.). Bright pink.

Climbing Caroline Testout (H. T.). Clear pink.

Climbing Devoniensis (T.). White, center blush.

Climbing La France (H. T.). Silvery pink.

Climbing Mlle. Cecile Brunner (Poly.). Rosy pink.

Climbing Meteor (H. T.). Deep crimson.

Climbing Niphetos (T.). Pure white.

Climbing Papa Gontier (T.). A vigorous grower with beautifully formed buds; fine rosy crimson color.

Climbing Wooton (H. T.). Velvety red.

Cloth of Gold (N.). Deep yellow, edge suffused.

Crimson Rambler (Poly.). Bright crimson.

Dr. William Gordon (H. P.). Exquisite pink petals, edge white; borne on strong, graceful stems about 5 feet long.

Dorothy Perkins (Wich.). Clear shell-pink.

Duchesse de Brabant (T.). Rosy pink.

Duchess of Albany or Red La France (H. T.). Deep pink.

Eliza Sauvage (T.). Pale yellow.

Etoile de France (H. T.). A superb rose, and a great favorite. The flowers are large and of fine form, borne on long, stiff stems; very fragrant; color a lovely shade of deep crimson.

Etoile de Lyon (T.). Deep yellow.

Florence Pemberton (H. T.). Creamy white, suffused with pink.

Francisca Kruger (T.). Coppery yellow, shaded peach.

Frau Karl Druschki (Snow Queen) (H. P.). A remarkably vigorous grower; flowers large, perfect in form, of the purest snow-white color.

Geo. C. Waud (H. T.). Glowing orange-vermillion. Flowers large, full and perfectly formed, with high, pointed center.

Gloire de Dijon (T.). Buff-orange.

Grace Molyneux (H. T.). Creamy apricot, center flesh.

Greville or Seven Sisters (Fr.). Light pink.

Gruss an Teplitz (Bour.). Dark crimson.

Helen Gould (H. P.). Carmine.

Hugh Dickson (H. P.). A vigorous grower, with handsome foliage; flowers very large and of fine form, with large, smooth petals.

Improved Rainbow (T.). Pink, striped crimson.

Ivory (T.). Pure white.

Jubilee (H. T.). Flery maroon-crimson, often black.

Killarney (H. T.). Flesh, suffused pink; the buds are long and pointed. One of the finest for massing.

La Detroit (H. T.). Shell-pink.

Lady Battersea or Red Kaiserin (H. T.). Beautiful cherry-crimson, permeated with an orange shade; vigorous, erect habit.

La France (H. T.). Silvery pink.

Lamarque (N.). White, shaded sulphur-yellow center.

Betty

VALUABLE REFERENCE LITERATURE

BOOKS FOR HORTICULTURISTS

CALIFORNIA FRUITS AND HOW TO GROW THEM. Fifth edition, revised and extended. A Manual of Methods which have yielded greatest success. By Edward J. Wickson. A. M. 200 pages, $3.00 per copy.

ROEDING'S PRUNING BOOK. Revised edition. How and when to prune and plant. A treatise detailing the methods and practices in the pruning of fruit and ornamental trees and vines, together with brief references to soils and situations adapted to the best growth of Commercial Fruit Products. Price, 25 cents, postage paid.

CALIFORNIA GARDEN-FLOWERS

By Edward J. Wickson,

FIRST EDITION—1915.

262 pages, 5½x7½ inches; illustrated; cloth bound.

This book aims to tell the beginner in California, whether he be a scholar struggling with his school garden, or a suburban gazing vacantly on his residence lot, or the home-maker, who is puzzled to translate his experience with teams, plows and pasture fields into trowels, pruning-shears and lawns, just what to do to make garden soils, grow plants and surround his abode with beauty under the peculiar climatic conditions of California. Price, $1.50 per copy, postpaid.

THE STANDARD CYCLOPEDIA OF HORTICULTURE

By Prof. L. H. Bailey

In six volumes.

Illustrated with color plates—4,000 engravings in the text and 96 full-page cuts. A discussion for the amateur, professional and commercial grower of the kinds, characteristics and methods of cultivation of the species of plants grown in the regions of the United States and Canada for ornamental trees, fruit trees and vegetables. Price, $36.00 per set, carriage paid.

MISCELLANEOUS SUPPLIES

Grafting Wax. ½ lb., 20c; 1 lb., 30c.

Tree Labels. 3½-inch iron wire, $1.00 per 1000; 3½-inch copper wire, $1.25 per 1000. No printed labels furnished.

RAFFIA. SUPERIOR XX. The Raffia is of the very best quality. The strands long, soft, pliable and strong; guaranteed first class. Lb., 20c.

Merino Brand, Lawn and Garden Fertilizer. Manufactured expressly for us. The base of this material is sheep manure; to this is added mineral and animal matter, which makes it a valuable dressing for gardens and lawns. Manufactured under guarantee analysis, which will be supplied on request. Value for potted plants, 25 lbs., sacked, 75c; 50 lbs., sacked, $1.50; 100 lbs., sacked, $2.50.

Tree Caliper. (4) The “Chase” is made of steel “rust proof.” Contains 15 different grades. Price, 75c each.

The “Watson.” Manufactured from aluminum, contains 7 grades. Price, 30c each.
EXPLAN TREE PROTECTORS. Manufactured out of either paraffined or tared paper; very durable. No. 1 grade.

Length Width Wt. per 100
24 in. 7 in. 2 lbs. 100 1.30 12.00
18 in. 7 in. 2 lbs. 100 1.20 10.00
14 in. 7 in. 1 lb. 100 1.00 8.00
12 in. 7 in. 2 oz. 100 .90 7.50

YUCCA TREE PROTECTORS. (1) Our extremely long, hot and dry summers make it imperative for all fruit-growers to shade the bodies of young trees the first season. The most efficient and valuable protectors are made from the Yucca Palm. Soak the bundles in water before using.

Length Width Wt. per 100
30 in. 7 in. 22 lbs. 100 21.50
24 in. 7 in. 18 lbs. 100 20.00
18 in. 7 in. 13 lbs. 100 17.50
16 in. 7 in. 12 lbs. 100 15.00
14 in. 7 in. 10 lbs. 100 13.50
12 in. 7 in. 9 lbs. 100 11.50

KNIVES

We have selected the following American and European manufacture of Knives and Shears, having tested them and found them made of the very best quality of steel and entirely suitable for the work for which they were intended, therefore we do not hesitate in recommending them to our customers.

Henckel Folding Pruner. (6) Cocoa handle, steel-lined; length handle 4 inches. Blade oil-tested and tempered. For heavy work. $1.00 to $1.50 each.

Henckel Stationary Handle Pruner. Apple-wood handle, with extra long, reinforced tang; good quality. 50c each.

Henckel Folding Budder. (5) Ebony handle; brass-lined, with ivory tip, forged same as the finest razor; best on the market. $1.00 each; light grade, 75c each.

Henckel Stationary Handle Budder. Maple-wood; fine quality steel. 25c each, $2.50 per doz.

Henckel Folding Budding and Pruning Knife. (3) Bone handle; material guaranteed. Price, $1.75 each.

Henckel Stationary Handle Grafting Knife. Maple-wood handle, patterned after most approved style; fine quality steel; heavy size. 50c each; 4.00 per doz. Light size, 25c each; $2.50 per doz.

All-Purpose Knife. (7) Manufactured expressly for us. 3½ inches long; budding, pruning and grafting blades. Made of best material and suitable for nursery and orchard work. Fully guaranteed by the manufacturer. $1.50 each.

PRUNING SHEARS

"Henckel's Special." (9) There is no better shear on the market for general nursery work; material guaranteed. Price, 8¼-inch, $2.50 per pair; 9-inch, $3.00 per pair.

Swiss Pattern Shear. American manufacture. This new shear we have tested and found it to be highly satisfactory. Price per pair, $2.00; actual weight, 1 lb.

Fresno Pruning Shear. (2) Made of finest tempered steel; jaws spread 3½ inches; handles are made of ash, and sockets are strengthened with a steel band. Weight, per pair, 2½ lbs.; length, handle and blade, 26 inches. Per pair, $2.50.

Henckel's Rose Shear. (10) For light pruning and cutting flowers. Weight, ½ lb.; 7 inches long. Per pair, $1.25.
